9.13 Operations, Maintenance & Support	84–85
9.14 Documentation & Knowledge Transfer	85
9.15 Data Archival and Retrieval Module	85
10 SECTION 10 – ANNEXURES	86–126
List of Annexures	87

Section / Heading	Page No.
Annexure A – System Integrator's Letter for EMD / Bid Security	88
Annexure B – Bid Offer Form (without Price)	89–90
Annexure C – Manufacturer's Authorization Form	91
Annexure D – System Integrator's Information	92
Annexure E – Declaration regarding Clean Track	93
Annexure F – Declaration for Acceptance of RFP Terms & Conditions	94
Annexure G – Declaration for Acceptance of Scope of Work	95
Annexure H – Acceptance Certificate	96
Annexure I – Power of Attorney	97
Annexure J – Mandatory Eligibility Criteria	98–99
Annexure K – Proposed Solution Document	100
Annexure L – Bid Form (Technical Bid)	101–103
Annexure M – Commercial Bid Form	104
Annexure N – Performance Bank Guarantee	105–106
Annexure O – Undertaking of Authenticity	107
Annexure P – Certificate of Local Content	108
Annexure Q – Non-Disclosure Agreement	109
Annexure R – Commercial Bid Format (Line-item-wise Prices)	110
Annexure S – Technical Scoring Matrix Criteria (TSM)	111–113
Annexure T – Declaration regarding Ownership of the Data Centre	114
Annexure U – Undertaking for Being Responsible for the Entire Project	115
Annexure V – Technical Evaluation Matrix	116
Annexure W – Mandatory Eligibility Criteria Matrix	117–118
Annexure X – Compliance to Technical & Functional Requirements	119–123
Annexure U – Specifications for Data Centre / DR Setup	124–126
— End of Document	126

Important Detail about RFP

Note: Bids will be opened in the presence of the Bidder (SI) representatives who choose to attend Bid opening meeting.

1.3.1 Checklist

The following items must be checked before the Bid is submitted:

Both the technical and commercial Bids prepared in accordance with the RFP document and submitted in separate envelope respectively.

Sr No	Envelope	Evaluation Of SI	For Details Refer Section.
1	Envelope A	Eligibility Criteria	5.13
2	Envelope B	Technical Bid	5.14
3	Envelope C	Commercial Bid	5.15

1. All the pages of **Eligibility Criteria Response, Technical Bid and Commercial Bid** must be separately sealed and signed by the authorized signatory.
2. All documents must be enclosed in relevant envelopes to support the claims made in the bid.
3. All the pages and documents submitted as part of the bid must be duly sealed and signed by the authorized signatory.
4. Prices to be quoted in Indian Rupees (INR).

Section 2 – Introduction

Section 2 – Introduction

2.1.1 About IBPS:

Institute of Banking Personnel Selection (IBPS) is an autonomous body setup by Reserve Bank of India, Central Financial Institutions and Public Sector Banks with the vision to evolve and implement world class processes and systems of assessment and selection of personnel for recruitment / promotion / admission by (for) various client organizations, conduct relevant supportive research and publicise the findings.

IBPS has acquired a unique distinction of being a premier national level Institute for employment testing, admission testing, training and research related to selection and management of human resources. It has been rendering assistance to the BFSI sector in the fields of employees’ selection, promotion and placement. For this purpose, the Institute has been designing appropriate measurement tools which are both fair and objective.

2.2.1 Objective of this RFP:

Through this Request for Proposal (RFP), the Institute of Banking Personnel Selection (IBPS) intends to select a System Integrator (SI) through the Quality and Cost Based Selection (QCBS) methodology for **“Development of online Applications Portal for Candidates Registration with Grievance Redressal System and Hosting of IBPS Website”**. This will include the Design, Development, Implementation, Integration, Testing, Deployment, Operation, Maintenance, and Support of Online Recruitment Management Portal to automate and digitize the complete recruitment lifecycle of IBPS.

The bidders must be capable and willing to meet all the requirements specified in this RFP, and must demonstrate the ability to deliver the required solution within the stipulated timelines and quality standards in an efficient and professional manner.

The objectives of this RFP are as follows:

- a. To select a reputed and experienced System Integrator (SI) for **“Development of online Applications Portal for Candidates Registration with Grievance Redressal System and Hosting of IBPS Website”**, capable of supporting multiple recruitment projects simultaneously while ensuring high availability, security, scalability, and business continuity.
- b. To establish a configurable, workflow-driven, and centralized recruitment management platform that automates the complete recruitment lifecycle, minimizes manual intervention, improves operational efficiency, enhances accuracy, reduces processing time, strengthens transparency, and ensures compliance with statutory, regulatory, and organizational requirements.
- c. The proposed solution shall leverage modern digital technologies and industry best practices, including but not limited to:
 - The proposed solution shall leverage advanced AI technologies, Machine Learning (ML), Natural Language Processing (NLP), Optical Character Recognition (OCR), and Intelligent Document

“Development of online Applications Portal for Candidates Registration with Grievance Redressal System and Hosting of IBPS Website”.

Processing (IDP), to enhance automation, accuracy, and operational efficiency and content management.

- AI-assisted document validation and duplicate candidate detection.
- Face Recognition and image quality validation.
- Intelligent workflow automation and business rule engine.
- API-based integration with Payment Gateways, SMS/Email Gateways, DigiLocker, Aadhaar/e-KYC (where permitted), ERP/HRMS, examination systems, and other third-party services.
- Real-time dashboards, analytics, Management Information System (MIS), and reporting
- Support of Micro services-based architecture, REST APIs, containerization (Docker/Kubernetes), DevSecOps, and cloud-ready deployment architecture.
- Comprehensive audit trails, logging, monitoring, and centralized administration

d. The solution shall provide a secure, resilient, high-performance, and user-friendly recruitment platform with built-in High Availability (HA), Disaster Recovery (DR), cybersecurity controls, data privacy safeguards, multilingual support, mobile responsiveness, accessibility compliance, and seamless integration capabilities to support large-scale recruitment activities conducted by IBPS.

e. The selected System Integrator (SI) shall be responsible for requirement analysis, solution design, application development, customization, system integration, testing, data migration, deployment, training, knowledge transfer, operations, preventive and corrective maintenance, security compliance, version upgrades, statutory changes, performance optimization, and comprehensive support services throughout the contract period.

f. The solution shall comply with applicable Government of India guidelines and industry standards, including the Digital Personal Data Protection (DPDP) Act, CERT-In advisories, OWASP security standards, ISO/IEC 27001, GIGW (Guidelines for Indian Government Websites), and other applicable cybersecurity and regulatory requirements.

g. The successful bidder shall ensure continuous innovation and technology refresh by providing all application enhancements, statutory modifications, security patches, browser compatibility updates, performance improvements, and new functional features during the contract period without adversely impacting ongoing recruitment operations.

h. The selection of the System Integrator (SI) shall be carried out through the **Quality and Cost Based Selection (QCBS) methodology** based on technical capability, domain expertise, proposed solution, implementation methodology, project governance, support capability, and commercial competitiveness, as specified in this RFP.

2.3.1 Bidder Responsibilities:

The selected **System Integrator (SI)** shall be solely responsible for the successful **design, development, implementation, integration, deployment, operation, maintenance, enhancement, and support** of the End-to-End Online Recruitment Management Portal for IBPS throughout the contract period. The responsibilities of the selected bidder shall include, but not be limited to, the following:

1. Requirement Analysis and Solution Design

- Study IBPS's existing recruitment processes and conduct detailed requirement gathering.
- Prepare the Software Requirement Specification (SRS), Functional Requirement Specification (FRS), Technical Design Document (TDD), System Architecture, Database Design, and Implementation Plan for approval by IBPS.

2. Application Development and Customization

- Design, develop, configure, customize, and implement the complete Recruitment Management Portal in accordance with the approved specifications.
- Develop configurable workflows, business rules, eligibility criteria, recruitment processes, and administrative modules.

3. End-to-End Recruitment Automation

- Implement modules covering the complete recruitment lifecycle, including notification management, candidate registration, fee collection, document upload, application scrutiny, admit card generation, examination management, interview scheduling, document verification, result processing, provisional allotment, and final recruitment.

4. System Integration

- Integrate the portal with payment gateways, SMS and Email gateways, Digilocker, Aadhaar/e-KYC (where permitted), ERP/HRMS, examination systems, identity management solutions, and other internal or external applications through secure APIs.

5. AI-Enabled Features

- Implement AI-powered functionalities such as multilingual translation, OCR, Intelligent Document Processing (IDP), duplicate candidate detection, image validation, facial recognition (where applicable), intelligent search, chatbot, analytics, and workflow automation.

6. Infrastructure and Deployment

- Deploy the application on the infrastructure specified by IBPS.
- Configure web servers, application servers, databases, middleware, security solutions, backup mechanisms, monitoring tools, and Disaster Recovery (DR) integration.

7. Security and Compliance

- Ensure compliance with the Digital Personal Data Protection (DPDP) Act, CERT-In advisories, OWASP standards, ISO/IEC 27001, GIGW, WCAG, and other applicable Government of India guidelines.
- Implement encryption, Multi-Factor Authentication (MFA), Role-Based Access Control (RBAC), audit logging, vulnerability management, and secure coding practices.

8. Testing and Quality Assurance

- Perform Unit Testing, Integration Testing, System Testing, Security Testing, Performance Testing, Load Testing, User Acceptance Testing (UAT), and defect resolution before production rollout.

9. Data Migration

- Migrate historical recruitment data, candidate records, and related documents from legacy systems to the new platform with validation and reconciliation.

10. Documentation

- Prepare and submit all project documentation, including SRS, FRS, TDD, API documentation, user manuals, administrator manuals, SOPs, deployment guides, operational run books, training material, and as-built documentation.

11. Training and Knowledge Transfer

- Provide comprehensive training to IBPS administrators, operational users, and technical personnel.
- Conduct knowledge transfer sessions and hand over all project-related documentation.

12. Go-Live and Stabilization

- Successfully deploy the application in the production environment.
- Provide on-site/remote support during the stabilization period to ensure smooth operations.

13. Operations and Maintenance

- Provide comprehensive Application Maintenance and Support (AMS), including preventive, corrective, adaptive, and perfective maintenance throughout the contract period.
- Ensure compliance with agreed Service Level Agreements (SLAs). Monitoring and Incident Management
- Continuously monitor application performance, availability, security, and system health.
- Resolve incidents within the timelines defined in the SLA and provide regular status reports.

14. Enhancements and Regulatory Changes

- Implement statutory changes, regulatory updates, browser compatibility updates, security patches, performance improvements, and new functional requirements as directed by IBPS during the contract period.

15. Backup, Disaster Recovery, and Business Continuity

- Ensure regular backups, data archival, Disaster Recovery readiness, periodic DR drills, and business continuity support in accordance with IBPS policies.

16. Audit and Compliance Support

“Development of online Applications Portal for Candidates Registration with Grievance Redressal System and Hosting of IBPS Website”.

- Facilitate VAPT, security audits, CERT-In audits, source code reviews, compliance audits, and rectify all observations without additional cost to IBPS.

17. Project Governance

- Deploy a dedicated Project Manager and experienced technical team.
- Conduct regular project review meetings, submit progress reports, maintain a risk register, and ensure timely completion of all milestones.

18. Post-Implementation Support

- Provide 24x7 support during critical recruitment activities and ensure continuous availability, performance optimization, and operational support throughout the contract period.

19. Ownership and Deliverables

- Hand over all application binaries, database scripts, APIs, technical documentation, configuration files, reports, and other project deliverables to IBPS as specified in the RFP. The developed application, documentation, and all intellectual property created specifically under this contract shall vest with IBPS, subject to the terms of the agreement.

2.4.1 Overall Requirement:

The selected bidder will provide “**Development of online Applications Portal for Candidates Registration with Grievance Redressal System and Hosting of IBPS Website**”. Detailed specification of requirement will be available under “**Scope of Work**” Section - 3.

2.5.1 Due Diligence

The bid document is prepared with due care, however, Bidder are expected to carefully examine the RFP and if there appears to be any ambiguity, contradictions, inconsistency, gap and/or discrepancy in the RFP, Bidder shall seek necessary clarifications by e-mail mentioned in Section-1. The Bid shall be deemed to have been submitted after careful study and examination of this RFP. The Bid should be precise, complete and in the prescribed format as per the requirement of this RFP document. Failure to furnish all information or submission of a bid not responsive to this RFP will be at the Bidder’s risk and may result in rejection of the bid without assigning any reason.

2.6.1 Ownership of the RFP:

The content of this RFP is a copy right material of Institute of Banking Personnel Selection. No part or material of this RFP document should be published in paper or electronic media without the prior written permission from IBPS.

Section-3: - Scope of Work

Full contents of Section-3 (Scope of Work) (page no. 23 to 37) will be shared with the prospective bidders on submission of Non-Disclosure Agreement as per annexure – Q on the Company letter head of the bidder.

Section 4 - Submission of Bids

4.1 Submission of Bids:

The bid must be prepared covering the following information and submitted to IBPS on or before the closing date.

A. Submission Format:

The proposal is to be submitted in 3 different envelopes as per the details mentioned below:

1. Content of sealed Envelope “A” (Eligibility Criteria):

The Eligibility criteria is to be submitted in sealed envelope (**Envelope- “A”**) super scribed as **“Selection of System Integrator for Development of online Applications Portal for Candidates Registration with Grievance Redressal System and Hosting of IBPS Website.”** Refer **Section 5.13** for further details.

2. Content of sealed Envelope “B” (Technical Bid):

The Technical bid to be submitted in a separate sealed envelope (**Envelope- “B”**) superscribed as **“Selection of System Integrator for Development of online Applications Portal for Candidates Registration with Grievance Redressal System and Hosting of IBPS Website.”** Refer **Section 5.14** for further details.

3. Content of sealed Envelope “C” (Commercial Bid):

The commercial bid to be submitted in a separate sealed envelope (**Envelope- “C”**) superscribed as **“Development of online Applications Portal for Candidates Registration with Grievance Redressal System and Hosting of IBPS Website.”** Refer **Section 5.15** for further details.

4. Right to Reject, Accept/Cancel the Bid:

IBPS reserves the right to accept or reject in full or in part, any or all the offers without assigning any reason whatsoever.

Note:

- If the cost figures are mentioned anywhere in the content of **Envelope- “A”** (Eligibility Criteria) the proposal will be disqualified and will not be evaluated.
- Please note that the content of sealed **Envelope- “B”** (Technical Bid) **must not contain quoted price of any of the items mentioned in Annexure “B”**. The proposal contained in **Envelope “B”** must be unconditional.
- Condition if any should be indicated in the content of **Envelope- “A” only**.
- The cost figures need to be mentioned in **Envelope - “C” only**.

The bid must be submitted in the sealed envelopes to the address mentioned below.

“Development of online Applications Portal for Candidates Registration with Grievance Redressal System and Hosting of IBPS Website”.

To

Deputy General Manager (TSS)

Institute of Banking Personnel Selection,

IBPS House, Plot No. 166, Behind Thakur Polytechnic,

Off. Western Express Highway,

Kandivali (E),

Mumbai – 400101.

Section 5 - Instruction to the System System Integrator (SI)

Section 5 - Instruction to System Integrator (SI)

A. The Bidding Documents

5.1 Request for Proposal (RFP):

RFP shall mean “Request for Proposal” and Bid, Tender and RFP are used to mean the same.

The System Integrator is expected to examine all instructions, forms, Terms and Conditions and technical specifications in the Bidding Document. Submission of a Bid not responsive to the Bidding Document in every respect will be at the System Integrator’s risk and may result in the rejection of its Bid without any further reference to the System Integrator.

5.2 Cost of Bidding:

The System Integrator shall bear all costs associated with the preparation and submission of its Bid and IBPS will in no case be responsible or liable for those costs.

5.3 Content of Bidding Document:

The Bid shall be in 3 separate envelopes, Envelope “A”, “B” and “C”. The contents of the Envelopes are mentioned in clause 5.13 to 5.15.

5.4 Amendment of Bidding Documents:

1. At any time prior to the deadline for submission of Bids, IBPS may for any reason, whether at its own initiative or in response to a clarification requested by a System Integrator, amend the Bidding Documents.
2. Amendments will be provided in the form of Addenda/ Corrigenda to the Bidding Documents, which will be published on IBPS website. Addenda / Corrigenda will be binding on System Integrator’s. It will be assumed that the amendments contained in such Addenda/ Corrigenda had been considered by the System Integrator in its Bid.
3. To afford System Integrator’s reasonable time in which to take the amendment into account in preparing their bids, IBPS may, at its discretion, extend the deadline for submission of the Bids, in which case, the extended deadline will be published on IBPS website.
4. From the date of issue, the Addenda / Corrigenda to the RFP/tender shall be deemed to form an integral part of the RFP.

B. Preparation of Bid:

5.5 Bid Price:

Prices to be quoted in the bid should exclude all applicable taxes, duties levies, GST Tax and fees whatsoever, The GST Taxes should be shown separately in the Price schedule.

5.6 Earnest Money Deposit (EMD) / Bid Security:

1. The System Integrator shall submit Earnest Money Deposit of Rs. 3,00,000/- (Rupees Three Lakh Only) in the form of a Demand Draft / Pay order from a scheduled commercial bank in India drawn in Favour of “Institute of Banking Personnel Selection” payable at Mumbai.
2. No interest shall be payable on the EMD.

5.7 Return of EMD Value:

1. EMDs furnished by all unsuccessful System Integrator will be returned on the expiration of the bid validity /finalization of successful System Integrator, whichever is earlier.
2. The EMD of successful System Integrator shall be returned / refunded after furnishing Performance Guarantee as required in this RFP.

5.8 Forfeiture of EMD:

The EMD made by the System Integrator will be forfeited if:

1. Bid that is not accompanied by the EMD will be summarily rejected.
2. The System Integrator withdraws its Bid before opening of the Bids.
3. The System Integrator withdraws its Bid after opening of the Bids but before Notification of Award.
4. Selected System Integrator fails to accept the order within 14 days from the date of receipt of the notification of Award. However, IBPS reserves its right to consider at its sole discretion the late acceptance of the order by selected System Integrator.
5. The selected System Integrator withdraws its Bid / Proposal before furnishing Performance Guarantee.
6. The System Integrator violates any of the provisions of the RFP up to submission of Performance Bank Guarantee.
7. If a System Integrator makes any statement or encloses any form which turns out to be false, incorrect and/or misleading or information submitted by the System Integrator turns out to be incorrect and/or conceals or suppresses material information.

5.9 Period of Validity of Bids:

Bids shall remain valid for a period of 180 days after the date of bid opening as mentioned in Section 1 or as may be extended from time to time. IBPS reserves the right to reject a bid valid for a period shorter than 180 days as non-responsive, without any correspondence.

5.10 Format of Bid:

The System Integrators shall prepare one hard copy (Marked as “ORIGINAL”) and one soft copy of the Technical Bid marking it as “Technical Bid-Soft copy”. In case of any discrepancy between them, the original shall govern.

5.11 Signing of Bid:

1. The Bid shall be signed by a person or persons duly authorized to bind the System Integrator to the contract. Such authority shall be either in the form of a written and duly

stamped power of attorney (**format given in Annexure “I”**) or a Board Resolution duly certified by the company’s competent authority, extract of which duly certified as true copy should accompany the Bid.

2. All pages of the Bid, except for printed instruction manuals and specification sheets shall be initiated by the person or persons signing the Bid.
3. The Bid shall contain no interlineations, erasures, or overwriting, except to correct errors made by the System Integrator, in which case such corrections shall be initiated by the person or persons signing the Bid.

C. Submission of Bid:

5.12 Envelope Bidding Process:

- a. The Bid shall be prepared in 3 different envelopes,
 - Envelope “A”,
 - Envelope “B” and
 - Envelope “C”.
- b. Each of the 3 Envelopes shall be sealed and put into an outer envelope marked as **RFP for “Selection of System Integrator for Development of online Applications Portal for Candidates Registration with Grievance Redressal System and Hosting of IBPS Website.”**
- c. **The inner and outer envelopes shall:**
 1. Be addressed to IBPS at the address mentioned in Section 1.
 2. The inner envelopes shall indicate the name and address of the System Integrator.
 3. If the outer envelope is not sealed and marked as indicated, IBPS will assume no responsibility for the Bids misplacement or premature opening and may summarily be rejected.
 4. The envelope details are listed in the below table.

Sr No	Envelope	Envelope Bidding Process
1	Envelope ‘A’	Eligibility Criteria
2	Envelope ‘B’	Technical Bid
3	Envelope ‘C’	Commercial Bid

5.13 Envelope “A” - Eligibility Criteria.

The following documents shall be inserted inside Envelope “A”:

1. EMD/Bid Security – **Annexure “A”**
2. Bid Offer form (without price) – **Annexure “B”**
3. Manufacture’s Authorization Form - **Annexure “C”**
4. System Integrator Information– **Annexure “D”**

5. Declaration regarding Clean Track by System Integrator– **Annexure “E”**
6. Declaration of Acceptance of Terms and Conditions – **Annexure “F”**
7. Declaration of Acceptance of the Scope of Work – **Annexure “G”**
8. Acceptance Certificate – **Annexure “H”**
9. Power of Attorney format – **Annexure “I”**
10. Mandatory Eligibility Criteria and its related documents – **Annexure “J”**
11. Mandatory Eligibility Criteria Matrix – **Annexure “W”**
12. Last three years audited Balance sheet and profit and loss statements.

5.14 Envelope “B” - Technical Bid.

The following documents shall be inserted inside Envelope “B”:

1. Terms and Conditions as mentioned in Section 8 duly signed on all pages.
2. Proposed Solution document with following details – **Annexure “K”**:
 - a. Architecture and Proposed Design document / Presentation for Complete solution.
 - b. Hardware specifications proposed for Complete solution.
 - c. Software details proposed for Complete solution.
 - d. Bill of materials with quantity and functional details.
 - e. Summary of work involved.
 - f. Project phases, deliverables and timeframe for project completion.
 - g. Criteria for completion and acceptance tests.
3. Technical Score Matrix - **Annexure “S”**
4. Bid form (Technical Bid) - **Annexure “L”**
5. Undertaking of Authenticity- **Annexure “O”**
6. Non-Disclosure Agreement- **Annexure “Q”**
7. Technical Score Matrix- **Annexure “S”**
8. Declaration of Ownership of Data Centre- **Annexure “T”**
9. Undertaking being Responsible for Project- **Annexure “U”**
10. Technical Evaluation Matrix- **Annexure “V”**
11. Compliance to Technical and Functional- **Annexure “X”**
12. Specification to Data Center Setup- **Annexure “Y”**
13. Section 10 – Technical Specifications Requirements duly completed
14. Reference site details and customer contact details.

5.15 Envelope “C” - Commercial Bid.

- a. Commercial Bid Form – **Annexure “M”**
- b. Commercial Bid Format (Line-item wise prices) – **Annexure “R”**
- c. Commercial Bid Format (without prices) – **Annexure “R”**

5.16 Bid Submission:

- a. The System Integrator should bear all the costs associated with the preparation and submission of their bid and IBPS will in no case be **responsible** or liable for these costs, regardless of the conduct or outcome of the bidding process.
- b. Bids sealed in accordance with the Instructions to System Integrator's should be delivered at the address as mentioned in the Section 1.
- c. The offers should be made strictly as per the formats enclosed.
- d. No columns of the tender should be left blank. Offers with insufficient/inaccurate information and offers which do not strictly comply with the stipulations given in this RFP, are liable for rejection.

5.17 Bid Currency:

All prices shall be expressed in Indian Rupees only.

5.18 Bid Language:

The bid shall be in English Language.

5.19 Rejection of Bid:

The Bid is liable to be rejected if:

1. The document doesn't bear signature of authorized person.
2. It is received through Fax/E-mail.
3. It is received after expiry of the due date and time stipulated for Bid submission.
4. Incomplete/incorrect Bids, including non-submission or non-furnishing of requisite documents / Conditional Bids / Bids not conforming to the terms and conditions stipulated in this Request for Proposal are liable for rejection by IBPS.
5. No Bid shall be rejected at Bid opening, except for late Bids.

5.20 Deadline of Submission:

The last date of submission of bids is given in Section 1, unless amended by IBPS through its website.

5.21 Extension of Deadline for Submission of Bid:

IBPS may, at its discretion, extend this deadline for submission of bids by amending the Bidding Documents which will be intimated through IBPS website, in which case all rights and obligations of IBPS and System Integrators will thereafter be subject to the deadline as extended.

5.22 Late Bid:

Bids received after the scheduled date and time will not be accepted by IBPS under any circumstances. IBPS will not be responsible for any delay due to postal service or any other means.

5.23 Withdrawal of Bids:

Bids once submitted will be treated as final and no further correspondence will be entertained on this.

5.24 Right to Reject / Cancel the Bid:

1. IBPS reserves the right to accept or reject, in full or in part, any or all the offers without assigning any reason whatsoever.
2. IBPS does not bind itself to accept the lowest or any tender and reserves the right to reject all or any bid or cancel the Tender without assigning any reason whatsoever. IBPS also has the right to re-issue the Tender without the System Integrator (SI) having the right to object such re-issue.

5.25 RFP Abandonment:

IBPS may at its discretion abandon the process for the selection of System Integrator (SI) for Supply, Implementation, and Managing a Colocation-Based DR Setup on a Private Cloud at any time before notification of award.

5.26 Contacting IBPS:

From the time of Bid opening to the time of Purchase Order award, if any System Integrator wishes to contact IBPS for seeking any clarification on any matter related to the Bid, it should do so in writing by seeking such clarification/s from an authorized person.

Any attempt to contact IBPS with a view to canvas for a Bid or put any pressure on any official of the IBPS may entail disqualification of the concerned System Integrator or his Bid.

Section 6 - Bid Opening Process

Listed below is the bid opening process: Bids will be opened in 3 stages

- **Stage 1** – First stage, the Eligibility Criteria i.e. **Envelope ‘A’** will be opened.
- **Stage 2** – Second stage, the Technical Bids i.e. **Envelope ‘B’** will be opened.
- **Stage 3** – Third stage the Commercial Bids i.e. **Envelope ‘C’** will be opened.

6.1 Opening of Envelope ‘A’ - Eligibility Criteria:

- a. IBPS will open Envelope ‘A’ in presence of System Integrator (SI) representative(s) who choose to be present on the date, time and address mentioned in Section 1 or as amended by IBPS from time to time.
- b. The representatives of the System Integrator (SI) must produce an authorization letter from the System Integrator / Identity Card to represent them at the time of opening of technical bids. Only one representative will be allowed to represent each System Integrator. In case the System Integrator (SI) representative is not present at the time of opening of bids, the bids will still be opened at the scheduled time at the sole discretion of the IBPS.
- c. The System Integrator (SI) representatives who are present shall sign the register evidencing their attendance. In the event of the specified date of bid opening being declared a holiday for IBPS, the bids shall be opened at the appointed time and place on next working day.

6.2 Opening of Envelope ‘B’ - Technical Bids:

- a. IBPS will open technical bids (Envelope “B”) of System Integrator who qualify in the evaluation of eligibility criteria in the presence of System Integrator’s representative(s) who choose to be present on the date, time and address mentioned in the intimation issued by IBPS for the purpose.
- b. The representatives of the System Integrator must produce an authorization letter from the System Integrator / Identity Card to represent them at the time of opening of technical bids. Only one representative will be allowed to represent each System Integrator. In case the System Integrator representative is not present at the time of opening of bids, the bids will still be opened at the scheduled time at the sole discretion of the IBPS.
- c. The System Integrator (SI) representatives who are present shall sign the register evidencing their attendance. In the event of the specified date of bid opening being declared a holiday for IBPS, the bids shall be opened at the appointed time and place on next working day.

6.3 Opening of Envelope ‘C’ - Commercial Bids:

- a. Only those Bids that are technically qualified will be eligible for opening of commercial bids i.e. Envelope “C”.
- b. Those System Integrator who qualifies technically will be intimated about the date, time and address for opening of Commercial Bids through an email.

Section 7 - Bid Evaluation Process

Section 7 – Bid Evaluation Process

Listed below is the bid evaluation process: Bids will be opened in 3 stages:

Sr No	Stage	Envelope Details	Bid Evaluation
1	Stage 1	Envelope- “A”	Preliminary Examination of Eligibility Bids
2	Stage 2	Envelope- “B”	Evaluation of Technical Bids
3	Stage 3	Envelope- “C”	Evaluation of Commercial Bid

7.1 Preliminary Examination of Eligibility Bids: Stage 1 - (Envelope- “A”)

- a. IBPS will examine the Bids to determine whether they are complete, whether required information have been provided as underlined in the Bid document, whether the documents have been properly signed, and whether Bids are generally in order.
- b. Eligibility and compliance to all the forms and Annexure’s would be the first level of evaluation. Only those Bids which comply to the eligibility criteria will be taken up for further technical evaluation.
- c. IBPS may waive any minor informality, non-conformity or irregularity in a bid that does not constitute a material deviation provided such waiver does not prejudice or affect the relative ranking of any System Integrator.
- d. If a Bid is not substantially responsive, it will be rejected by IBPS and may not subsequently be made responsive by the System Integrator by correction of the nonconformity. IBPS’s determination of bid responsiveness will be based on the content of the bid itself.
- e. Envelope ‘A’ will be evaluated first and those who fulfil the eligibility criteria will be eligible for technical evaluation.
- f. IBPS may interact with the Customer references submitted by System Integrator, if required.

7.2 Evaluation of Technical bids: Stage 2 - (Envelope-B)

The Technical Evaluation will be based on the following broad parameters:

- a. Compliance to Technical Requirement stipulated in the RFP, duly supported by documentary evidence will be evaluated in detail.
- b. Presentation and discussions on the proposed complete solution and features etc., from the short-listed System Integrator based on the technical bids submitted by them to make an evaluation. Such presentations and minutes of meetings will become part of the technical bid. Date and time of technical presentation will be communicated to System Integrator.
- c. Written reply, if any, submitted in response to the clarification sought by IBPS, if any, will be reviewed.
- d. Inspection of Samples: As part of technical Evaluation, IBPS Technical committee would request samples for demonstration of the solution model quoted by the System Integrator and shall evaluate the same for testing the quality of the solution model supplied as well as its conformity to the specifications. Should any inspected or tested item fail to conform the specifications of IBPS, technical committee may reject them and shall not consider such rejected items for further supply.

- e. To assist in the examination, evaluation and comparison of bids IBPS may, at its discretion, ask any or all the System Integrator for clarification and response shall be in writing and no change in the price or substance of the bid shall be sought, offered or permitted.
- f. IBPS may interact with the Customer references submitted by System Integrator, if required.
- g. System Integrator are required to provide documentary evidence, wherever available, for the technical specifications stated in RFP.
- h. System Integrator **who qualifies in technical score matrix having scored 70 percent or more marks will be eligible for opening of commercial bid. The technical Matrix having details criteria is given below.**
- i. **Note:** If the System Integrator’s proposed solution during the presentation doesn’t meet the IBPS requirements/specifications, then that bid is liable to be rejected from the further process of evaluation

Evaluation Methodology

The evaluation will be done using the Quality & Cost Based Selection (QCBS) methodology. Weightage for Quality (Technical Evaluation) will be 70% whereas the weightage for Cost (Commercial Evaluation) will be 30%. The commercial bids of those System Integrator who qualify in the technical evaluation only will be opened.

7.3 Quality or Technical Evaluation Methodology

The Technical Bids would be evaluated by the Technical Evaluation Committee, based on the technical evaluation criteria and sub-criteria listed Below

Stage	Description	Maximum Score	Minimum qualifying Score
Stage A (50% weight in Technical Score)	System Integrator capability including proven relevant experience and capabilities in the implementation of proposed solution technical document, TRS, and FRS as per RFP	50	35
Stage B (30% weight in Technical Presentation)	System Integrator Technical Presentation for Overall Solution mentions the project Timelines. Evaluation of the proposed End-to-End Recruitment Management Portal, including solution architecture, functional coverage, configurable workflows, candidate life-cycle management, AI-enabled features, multilingual support, API integrations, security architecture,	30	20

“Development of online Applications Portal for Candidates Registration with Grievance Redressal System and Hosting of IBPS Website”.

	dashboards and analytics, project implementation methodology, migration strategy, quality assurance, training approach, deployment strategy, support model, risk mitigation plan, project governance, implementation timeline, and innovation proposed for IBPS		
Stage C (20% in weight in References)	References from Govt. /Enterprise / Public / Private Sector / BFSI Sector/ where the System Integrator could successfully implement/migrate from last 10 years.	20	15
	Total	100	70
	Overall Qualifying Marks	70%	

- When deemed necessary the Tender Evaluation Committee may seek clarifications on relevant aspects from the System Integrator. However, that would not entitle System Integrator to change or cause any change in the submitted bid.
- The scoring methodology for Technical Bid components is explained in the following paragraphs.
- Scores for the above individual parameters shall be added to determine the technical scores of the System Integrator.

7.4 Scoring Methodology for Stage A-Technical evaluation criteria

SN	Evaluation Criteria	Documents Required	Max Mark
1	Average Annual Turnover of the Bidder from IT Software Development, System Integration, e-Governance, Recruitment / Examination Solutions, or Digital Transformation Services during the last three (3) financial years. 200 Crores to <= 225 Crores - 5 Marks 225 Crores to <= 250 Crores – 10 Marks >250 Crores – 15 Marks	- Audited statement for last 3 financial years of the System Integrator. - Certificate from the Chartered Accountant/ statutory auditor/ Company Secretary clearly specifying the annual turnover from the required Service business.	15
2	The CSP shall have successfully deployed and provided Online Recruitment Systems, Examination Systems, e-Governance Portals Services for any Govt. 53organization/ PSU in India within last 7 years with combined project value of: 5 Crores to < 10 Crores – 5 Marks 10 Crores to <= 15 Crores – 7 Marks >15 Crores – 10 Marks	Copy of Work orders/Client Certificate/Agreement	10
3	The CSP shall have successfully delivered /Experience in Large-Scale Recruitment/Examination Portals handling high concurrent users (minimum 1 lakh registrations per project) for any Govt. Organization/ PSU in India within last 7 Years: 3 to <= 5 projects – 5 Marks 5 to <= 7 projects – 7 Marks >7 projects – 10 Marks	Copy of Work orders/Client Certificate/Agreement	10
4	The CSP should have of the following Certifications valid at the time of Bidding: 1. ISO 9001 2. ISO 27001 3. ISO 27017 & ISO 27018 4. ISO 20000-1 5. SOC1, SOC2 & SOC 3 Report 6. Certificate from Uptime Institute or TIA 942.	Valid Certificate(s) by the relevant certifying agency.	10

	7. DC/DR should be MeitY empanelled and STQC audited 8. CMMI 3 or above For Sr.1 to 6 Certificates – 5 Marks For Sr. 1 to 7 Certificates – 7 Marks For Sr. 1 -8 Certificates – 10 Marks		
5	The CSP must be operating from Data Centers in Mumbai Region and should be empaneled by MeitY with following. 1. Isolation of virtual environments from security and networking perspective. 2. Multi-factor Authentication 3. Identity and Access Management 4. Data Encryption at rest and in motion 5. Web Application Firewall 6. DDoS Protection 3 to <=5 Components/Procedures – 5 Marks 5 to <=7 Components/Procedures -10 Marks All Components/Procedures – 15 Marks	Letter from Authorized signatory on the letter head of the CSP confirming Data Centre location and MeitY empanelment.	10
6	Proposed Technical Solution – Capability of the proposed Recruitment Solution including: 1. AI-enabled Recruitment Features 2. Multilingual Support 3. Workflow & Business Rules Engine 4. API Integration Framework 5. Cyber Security & DPDP Compliance 6. High Availability & Disaster Recovery 7. Mobile Responsive Design 8. Analytics & Dashboards •4–5 Features – 5 Marks •6–7 Features – 10 Marks • All Features – 15 Marks		15
7	Technical Proposal solution Approach and Including but not limited to: a) Detailed understanding of Scope of Work requirements -5 Marks b) Disaster Recovery (DR) and Business Continuity Plan (BCP) --5 Marks	Technical Proposal & Methodology	30

“Development of online Applications Portal for Candidates Registration with Grievance Redressal System and Hosting of IBPS Website”.

c) Security Architecture and Data Protection-- 5 Marks	
d) Training and Knowledge Transfer Plan-- 5 Marks	
e) Integration and Interoperability Plan- 5 Marks	
f) Scalability and Future-readiness-- 5 Marks	
Total	100

Note: Marks secured in Stage A. shall be rounded to a weighted score of 50

***The System Integrator with the highest Technical Score shall be ranked as T1**

7.5 Scoring Methodology for Stage B:

- The System Integrator of this RFP must give a presentation/interaction on the methodology/approach, time frame for various activities, strengths of the System Integrator on such projects before a committee setup by IBPS.
- The technical competence and capability of the System Integrator should be reflected in the presentation. If any short-listed System Integrator fails to make such a presentation, they will be disqualified from the selection process.
- The committee will confirm the veracity of the claim in the presentation during the site visit/ references if required. If not satisfied, the System Integrator will be disqualified from the selection process.

The marking scheme will be based on the following criteria stated as under:

Sr. No.	Evaluation Criteria	Marks
1	Understanding of Project Requirements and Business Processes – Demonstration of bidder’s understanding of end-to-end recruitment lifecycle, candidate registration workflow, examination processes, payment integration, document verification, result processing, and overall project objectives	15
2	Organizational Capability and Relevant Experience – Bidder’s organizational strength, prior experience in development and implementation of large-scale online recruitment / examination platforms, technical expertise, qualified manpower, and successful execution of similar projects for Government/Banking/PSU/large institutions.	15
3	Solution Architecture, Technology Stack and Security Framework – Proposed system architecture, scalability, cloud/on premise deployment model, database design, API integration capability, cybersecurity framework, compliance standards, fraud detection mechanisms, AI/ML capabilities, and overall robustness of the proposed solution.	20
4	Implementation Methodology and Project Timelines – Proposed development methodology, requirement gathering approach, system design, development phases, testing strategy, UAT process, deployment approach, migration strategy, training plan, and overall project execution timeline.	20
5	Innovation, Value Addition and Functional Advantages – Distinct advantages of the proposed solution including automation capabilities, AI-powered fraud detection, face authentication, chatbot integration, analytics dashboards, mobile applications, intelligent workflow automation, ease of use, and measurable efficiency gains/reduction in manual efforts	20

6	Five-Year Support, Maintenance and Upgrade Plan – Comprehensive plan for post-implementation support, annual maintenance services, security patch management, periodic upgrades, SLA commitments, helpdesk support, DR support, monitoring services, and long-term sustainability of the solution over a five-year period.	10
----------	---	-----------

Note: Marks secured in Stage B shall be rounded to a weighted score of 30

7.6 Scoring Methodology for Stage C

References from Govt. / Enterprise / Public / Private Sector Banks / BFSI Sector in India where the System Integrator could successfully implement, Manage, Migrate system in the last 10 years.

[At least 2 references must be given by the System Integrator where work executed is more relevant to the Scope of Work of this RFP. Marks will be awarded based on the feedback received from the companies/ organizations referred.]

- **System Integrator shall provide at least two references for a site visit.**

Note: Marks secured in Stage C shall be rounded to a weighted score of 20.

Stage A: If any System Integrator scores 89 out of 100, Stage A has weightage of 50 marks, then to calculate the score for Stage A, 89% of 50 marks will be calculated, which would be **44.5**.

Stage B: If any System Integrator scores 92 out of 100, Stage A has weightage of 30marks, then to calculate the score for Stage A, 92% of 30 marks will be calculated, which would be **27.6**.

Stage C: If any System Integrator gives only 1 reference, then the marks will be 10 and if System Integrator gives 2 references then the marks will be **20**.

Combined Technical score will be calculated as – **Stage A + Stage B + Stage C**, in this e.g. it comes to **44.5+27.6+20 = 92.1**

Total Technical section has 70% weightage and multiplying factor is 0.7

Technical evaluation formula –

Combined marks obtained in technical scoring =

Formula:	Combined marks of the respective vendor	
	= -----	x 100
	Total Technical Marks (100 Marks)	
	= Technical Score Marks x 0.7	

$$\text{CSP 1} = \frac{92.1 \text{ Marks}}{100 \text{ (Out of)}} \times 100 = 92.1 \quad \text{that is} \quad 92.1 \times 0.7 = \underline{\underline{64.47}}$$

“Development of online Applications Portal for Candidates Registration with Grievance Redressal System and Hosting of IBPS Website”.

7.7 Commercial Evaluation Criteria: - Commercial evaluation will be done based on the below calculations. The evaluation process shall consider the “Total Contract Value” Vendor proposing lowest TCO shall be given a commercial score of 30. Commercial score for other vendors will be calculated as under. For example, if we have System Integrator 1, 2 and 3 quoting rates as given below:

TABLE-A

Sr No	Description of activities	Estimated Qty	Price per candidate for first three (03) years which may be extended for two (02) more Years Excluding Taxes
1	Application Submission Process using Service Provider Developed portal		
P1 (a)	Application Development Cost	1.5 Crores per Annum	
	One-Time Setup & Implementation Cost		
	Infrastructure & Software Cost (Annual)

S N	Item	CSP 1	CSP 2	CSP 3
P1	As Mentioned in TABLE-A (Refer above Page -57)	30,00,000	40,00,000	25,00,000
P2	As Mentioned in TABLE-B (Refer above Page -57)	3,00,000	4,00,000	2,00,000
P3	As Mentioned in TABLE-C (Refer above Page -58)	2,00,000	2,50,000	2,00,000
Total Project Value Without Taxes		35,00,000	46,50,000	29,00,000

The overall commercial score will be determined on basis of formula given below, following which the System Integrator with the highest score will be awarded the contract.

- **Formula:**

$$C.M = \frac{\text{Lowest Total Contract Value}}{\text{Price quoted by CSP}} \times 100$$

$$\text{For CSP 1} = \frac{29,00,000}{35,00,000} \times 100 = 82.85 \quad (\text{For Example})$$

$$\begin{aligned} \text{Weighted Commercial Score} &= \text{Commercial Marks (CM)} \times \text{Commercial W'tage i.e. 0.3} \\ &= 82.85 \times 0.3 = \mathbf{24.85 \text{ (For CSP1)}} \end{aligned}$$

Final evaluation: - Technical and Commercial score will be added to arrive at Total Score out of hundred. The proposal securing the highest combined score will be ranked as H1, Second highest as H2 and Third Highest as H3.

- Final score (Technical + Commercial) will be = Technical Score + Commercial Score.
- In the above e.g. final score will be – 64.47+24.85 = 89.32
- Similarly, technical & commercial scores for other System Integrator will be calculated and the System Integrator scoring highest score will be declared as winner.

Section 8 - Terms & Conditions

Section 8 – Terms & Conditions

8.1 Eligibility Criteria: Pre-requisite

The System Integrator should possess the requisite experience, resources and capabilities in providing the services necessary to meet the requirements as specified in the RFP. The Bid must be complete in all respects and should cover the entire scope of work. System Integrator not meeting the Eligibility Criteria will not be considered for further evaluation.

A. Pre-Qualification Criteria - Mandatory:

SI No	Basic Requirement	Eligibility Criteria	Document to be Submitted
1	Legal Entity	The Bidder should be a Legal Entity registered under the Companies Act, 2013 or the Companies Act, 1956 or LLP and should be in business for last 10 years as of March 2026.	Copy of Certificate of Incorporation /Registration/Partnership deed
2	Financial Criteria	The Bidder should be a positive networth/profit-making company and have a minimum average annual turnover of at least 200 Cr in last three audited financial years from Indian Operations only for FY23-24, FY-24-25 & FY25-26.	Bidder should submit the Copies of Certified Audited Balance sheet / Profit & Loss statement.
3	Experience	The Bidder should have minimum five years of experience in working with Central Govt. / State Govt. / PSUs / BFSI / Government Autonomous bodies.	Copy of relevant certificate / WO / PO
4	Compliance	The Bidder is compliant with DPDP act 2023/ IT Act 2000 (including 43A) and amendments.	Letter from authorized signatory on the letter head of Bidder mentioning the compliance.
5	Blacklisting	The Bidder should not be debarred/blacklisted / banned by any Government / PSU in India as on the date of submission of the Bid.	Letter signed by the Authorized representative of the Bidder
6	Type of Data Center	The Data Centre should be a Tier III data center and both should be on	

“Development of online Applications Portal for Candidates Registration with Grievance Redressal System and Hosting of IBPS Website”.

		Private Cloud. Software, DC & DR should be owned & Managed by SP	
7	Required Certification	Certification;	A valid copy of the certificate
		1. The solution to be compliant with: - a. ISO 27001 b. ISO27017 c. ISO 27018 d. ISO 2000-1 e. ISO 9001	
		2. SOC1 and SOC 2 Type1, Type 2 certified	
		3 Compliant with CERT-In Guidelines, IT Act 2000/2008 and DPDP Act 2023.	
8	Experience (Bidder)	The Bidder should have successfully implemented/commissioned at least three (03) projects of online Application/ Recruitment portal value of at least 50 Lacs. Each in last 3 years.	Copy of Work orders/Client Certificate/Agreement from SP
9	Manpower Strength	The Bidder must have the strength of at least 50 IT Professionals (AI Programmer/ networking / system administration / cloud services professional's / cloud security experts) on their payroll as on the date of submission of this bid. At least 10 of these professionals must have experience (of minimum 2 years) in deployment and Management of required Services.	Certificate from HR on the letterhead of the Bidder certifying the availability of the resources on their payroll as on the date of submission of the bid as per the requirement.
10	Tax Payment	The Bidder must have a valid GST Registration in India and PAN	A valid copy of the certificate
11	Consortium Bidder	The Bidder should be the prime Bidder and no consortium is allowed.	Copy of Certificate of Incorporation /Registration/Partnership deed

B. General Terms and Conditions:

The scope of work will be submitted when the System Integrator (SI) signs the NDA and submits it to IBPS.

C. Other Conditions:

- a. System Integrator (SI) are advised to study all technical and commercial aspects, instructions, forms, terms and specifications in the RFP carefully. Failure to furnish all information required in the Proposal or submission of a Proposal not substantially responsive to the RFP in every respect will be at the System Integrator (SI) risk and may result in rejection of the Proposal.
- b. IBPS is not responsible for non-receipt of bids within the specified due date due to any reason including postal or courier delay or holidays. **“Selection of System Integrator for Development of online Applications Portal for Candidates Registration with Grievance Redressal System and Hosting of IBPS Website”**
- c. Only one response to this RFP from each System Integrator will be permitted. In case of partnerships / consortium, only one submission is permitted through the lead System Integrator.
- d. All expenses incurred towards the preparation and submission of the Proposal will be entirely borne by the System Integrator.
- e. IBPS reserves its right to reduce or increase the scope of this RFP or Purchase Order or cancel this RFP without stating any reasons whatsoever.
- f. IBPS reserves the right to accept or reject any Proposal and to annul the bidding process and reject all Proposals any time prior to award of the contract/purchase order, without thereby incurring any liability towards the affected System Integrator (SI) or any obligation to inform the affected System Integrator (SI) the grounds for IBPS's action.

8.2 Notification of Award / Purchase Order:

- a. After selection of the L1 System Integrator and after obtaining internal approvals and prior to expiration of the period of Bid validity, IBPS will send Notification of Award /Purchase Order to the selected System Integrator.
- b. Validity period for bid should be 180 days from the last date of submission of bids documents.
- c. Within 5 days of receipt of Notification of Award/Purchase Order the successful System Integrator shall send the acceptance. Once the selected System Integrator accepts the Notification of Award the selected System Integrator shall furnish the Performance Bank Guarantee (which will be 5% of the Purchase Order) to IBPS.
- d. Upon the successful System Integrator furnishing the Performance Bank Guarantee, IBPS will promptly notify each unsuccessful System Integrator and will discharge all remaining EMDs, if any.
- e. Failure of the successful System Integrator to comply with the above requirements shall constitute sufficient grounds for the annulment of the award.

8.3 Performance Bank Guarantee:

The selected System Integrator shall provide Performance Bank Guarantee as per **Annexure - “N”** for an amount of “5% of the Purchase Order Value” as performance of all its obligations

under Purchase Order, within 15 days of Notification of award, valid for 3 years with claim period for 6 months.

8.4 Taxes and Duties:

All taxes deductible at source, if any, at the time of release of payments, shall be deducted at source as per then prevailing rates while making any payment.

Commercial Bid should be exclusive of all taxes, duties, charges and levies of State or Central Governments as applicable, GST, insurance, etc.

The benefits realized by supplier due to lower rates of taxes, duties, charges and levies shall be passed on by the Supplier to IBPS.

8.5 Terms of Delivery:

- a) All the necessary software, licenses and other necessary components shall be delivered within 6 weeks of receipt and acceptance of the Purchase Order.
- b) The installation and implementation of the solution should be carried out within 8th weeks.
- c) Note: The maximum project duration is for 2 months (10 weeks) only. This also includes training and handover plan as described in the Section 3 – Scope of Work.

8.6 Penalty for Default in delivery and deficiency in Service:

The Service Provider (SP) shall strictly adhere to the timelines, service levels, performance standards, and instructions issued by IBPS from time to time for online registration of applications, candidate grievance management, result processing, website maintenance, and other related activities. Failure to comply with the prescribed service levels shall attract the following penalties:

1. Application Response Time

The application shall support a minimum of 20,000 concurrent users with a response time of not more than 0.1 second.

The SP shall submit a monthly performance report evidencing compliance.

In case of failure to meet the prescribed response time, IBPS shall levy a penalty of ₹10,000 per instance of failure.

2. Delay in Declaration of Results

Since examination activities are highly time-bound, any delay in declaration of results beyond the timelines specified by IBPS shall attract a penalty of ₹50,000 per incident or part thereof.

Delay in Delivery of Pre-Examination Data

In case of delay in handing over data required for pre-examination activities, IBPS shall levy a penalty up to 5% of the applicable invoice value.

3. Erroneous Candidate Records

“Development of online Applications Portal for Candidates Registration with Grievance Redressal System and Hosting of IBPS Website”.

For every erroneous candidate record in online registration, data processing, or result declaration, deductions shall be made at the approved per-candidate rate.

In case a substantial portion or the entire data is found to be erroneous, IBPS reserves the right to levy an additional penalty up to 100% of the invoice value, depending upon the severity and impact.

4. System Performance and Availability

If the system hangs, crashes, or becomes unresponsive before reaching the committed load/concurrent user levels, a penalty of ₹50,000 per day or part thereof shall be levied.

5. Negligence and Repetitive Errors

Repeated errors, large-scale processing mistakes, or serious lapses attributable to negligence of the SP shall attract a penalty of ₹50,000 per instance, without prejudice to other remedies available to IBPS.

6. Data Integrity

If data integrity is compromised at any stage due to acts or omissions attributable to the SP, IBPS reserves the right to levy a penalty equivalent to the entire invoice value of the concerned project/activity, in addition to recovering actual losses suffered by IBPS.

7. Confidentiality and Data Security

The SP shall ensure complete confidentiality and security of all information, records, and data shared by IBPS.

Any unauthorized disclosure, leakage, sharing, or compromise of confidential information with any third party shall attract a minimum penalty of ₹50,000 per instance, besides legal action, termination of contract, blacklisting, and recovery of consequential losses.

8. Data Loss

In the event of data loss due to technical issues at the SP's end, the SP shall restore or recapture the impacted data at its own cost without any additional financial implication to IBPS.

In addition, a penalty of ₹10,000 per instance per 100 affected candidates or part thereof shall be levied.

9. Candidate Grievance Redressal System

If the online grievance redressal system becomes unavailable and is not restored within 30 minutes from reporting of the incident, IBPS shall levy a penalty of ₹50,000 per instance per hour or part thereof.

10. Version Upgrades and Patches

All software upgrades, enhancements, security patches, statutory modifications, and new features required by IBPS shall be provided without additional cost.

The implementation of such changes shall not adversely affect IBPS operations.

Any disruption caused due to such changes shall make the SP liable for penalties equivalent to the actual losses incurred by IBPS.

11. Website Maintenance

For every issue affecting accessibility, availability, or functioning of the IBPS website, IBPS reserves the right to levy a penalty of ₹25,000 per hour or part thereof until restoration of services.

12. Other Service Deficiencies

In respect of any discrepancy, deficiency, or service failure not specifically covered under this clause, which adversely affects service delivery or the reputation and operations of IBPS, IBPS reserves the right to impose a reasonable penalty commensurate with the severity and impact of such deficiency.

13. Determination of Penalty

The decision of IBPS regarding the nature of breach, assessment of impact, and quantum of penalty shall be final and binding on the SP.

14. Maximum Penalty

The cumulative penalty recoverable under this Agreement for a particular project/activity shall ordinarily not exceed the corresponding invoice value. However, this limitation shall not apply in cases involving fraud, willful misconduct, data breach, confidentiality breach, intellectual property violations, or regulatory penalties imposed on IBPS due to acts or omissions of the SP.

15. Recovery of Penalties

IBPS shall have the right to recover penalties from pending invoices, Performance Bank Guarantee, Security Deposit, or any other amounts payable to the SP under the Contract.

16. Right to Terminate

Repeated SLA violations, persistent non-performance, serious security incidents, or penalties exceeding the prescribed threshold may result in termination of the Contract, blacklisting/debarment of the SP, and initiation of appropriate legal proceedings by IBPS.

17. The Service Provider (SP)/System Integrator (SI) shall adhere to the project milestones and timelines specified under Clause 8.10. Time shall be the essence of the Contract.

- a) In the event of any delay in completion of the activities and milestones attributable to the SP/SI, IBPS shall levy Rs. 1,00,000/- charges for every week or part thereof of delay, subject to a maximum of 10% of the Total Contract Value (TCV).
- b) If the delay in completion of any milestone exceeds beyond the stipulated timeline, IBPS reserves the right to withhold milestone payments, invoke the Performance Bank Guarantee, procure the pending services from alternate sources at the risk and cost of the SP/SI, and/or terminate the Contract, wholly or partly, without any liability on IBPS.

- c) For application/portal availability below the prescribed uptime of 99.9%, a penalty equivalent to Rs. 50,000/- per incident to be payable to IBPS, subject to a maximum of 20% of the monthly invoice value, shall be levied.
- d) For failure to resolve Critical Incidents within the stipulated resolution timelines, a penalty of ₹15,000 per incident for every additional hour of delay shall be imposed.
- e) Any disruption or non-availability of services during critical registration periods, examination-related activities, declaration of results, or any other critical business event of IBPS shall attract a penalty of ₹50,000 per incident or actual losses incurred by IBPS, whichever is higher.
- f) Failure to conduct backups, Disaster Recovery drills, restoration testing, or maintain Disaster Recovery readiness as per the agreed SLA shall attract a penalty of ₹50,000 per instance.
- g) The imposition of penalties or liquidated damages shall be without prejudice to any other rights and remedies available to IBPS under the Contract or under applicable law and shall not relieve the SP/SI of its obligations to complete and perform the services in accordance with the terms of the Contract.

8.7 Warranties and Support:

The selected System Integrator (SI) shall provide Comprehensive Warranty and Support for the complete End-to-End Online Recruitment Management Portal, including all application software, middleware, third-party software (if supplied by the SI), APIs, integrations, and related components **for a period of Three (3) years** from the date of successful Go-Live and final acceptance by IBPS. The warranty shall cover rectification of defects, bug fixes, application stabilization, performance tuning, configuration changes, compatibility updates, security patches, IBPS Website renovation / updates and technical support at no additional cost to IBPS.

The SI shall also provide an option for **Two (2) additional years of Comprehensive Annual Maintenance and Support (CAMS)** on the same terms, conditions, scope of work, and commercial rates quoted in the Financial Bid, subject to the sole discretion of IBPS.

8.8 Acceptance Procedure: - Upon successful completion of all contractual obligations, including design, development, customization, integration, data migration, testing, User Acceptance Testing (UAT), security testing, performance testing, deployment, Go-Live, stabilization, submission of all project deliverables, documentation, knowledge transfer, and training, the selected System Integrator (SI) shall submit a request for Final Acceptance to IBPS.

IBPS shall verify that the solution has been implemented in accordance with the Functional Requirement Specifications (FRS), Technical Requirement Specifications (TRS), Service Level Agreements (SLAs), and all terms and conditions of the Contract/Purchase Order. Upon satisfactory completion of the Acceptance Testing Plan (ATP) and fulfillment of all contractual deliverables, IBPS shall issue the Final Acceptance Certificate. The Acceptance Certificate shall be signed by the authorized representatives of both IBPS and the System Integrator, and the date of signing of the Final Acceptance Certificate shall be deemed as the Final Acceptance Date of the End-to-End Online Recruitment Management Portal.

The Comprehensive Warranty and Application Maintenance Support (AMC) period shall commence from the Final Acceptance Date. During the warranty period, the System Integrator shall rectify all defects, resolve bugs, provide security patches, version upgrades, performance optimization, statutory and regulatory updates, and ensure uninterrupted operation of the solution in accordance with the agreed Service Level Agreements (SLAs), without any additional cost to IBPS.

8.9 Payment Terms & Milestones: Payment Terms and Invoicing

1. The payment to the selected Service Provider (SP)/System Integrator (SI) shall be made based on the rates quoted and accepted by IBPS in the Commercial Bid and in accordance with the activities specified in the Financial Bid Format.
2. The activities covered under **Table-1 of the Financial Bid Format** shall be on a **per successful candidate registration basis**. Payment shall be made based on the actual number of successfully completed and accepted candidate registrations processed during the respective billing period, duly verified and certified by IBPS.
3. The activities covered under **Table-2 of the Financial Bid Format** shall be paid based on the actual activities/services availed by IBPS and at the unit rates finalized under the RFP and Contract Agreement.
4. The Service Provider shall submit invoices on a **monthly basis** for:
 - a. Candidate registration services under Table-1; and
 - b. Activity-based services under **Table-2**.
5. Each invoice shall be accompanied by the following supporting documents:
 - i. Detailed transaction/activity reports for the month;
 - ii. Number of successful candidate registrations processed;
 - iii. Service utilization reports for activities under **Table-2**;
 - iv. SLA compliance report for the relevant month;
 - v. Certification from the authorized representative of the Service Provider confirming the accuracy of the invoice and supporting data.
6. IBPS shall verify the invoice and supporting documents. Any discrepancy observed by IBPS shall be communicated to the Service Provider for necessary clarification and rectification. The disputed portion of the invoice may be withheld until resolution of such discrepancies.
7. Payment shall be released by IBPS within **thirty (30) days** from the date of receipt of correct and complete invoices along with all supporting documents and subject to satisfactory performance of services and compliance with the agreed Service Levels.
8. Any applicable penalties, SLA credits, liquidated damages, statutory deductions, taxes, recoveries, or any other amounts recoverable from the Service Provider under the terms of the Contract shall be deducted from the payments due.
9. No minimum business guarantee or minimum volume commitment is assured by IBPS under this Contract. Payments shall be made strictly on actual usage, actual successful registrations, and actual activities/services availed by IBPS.

10. The rates finalized under the Contract shall remain firm and fixed during the entire contract period and any extension thereof, unless otherwise agreed by IBPS in writing.

11. The Service Provider shall ensure that all invoices are raised in compliance with applicable GST provisions and other statutory requirements. Payment of GST shall be made only upon submission of valid tax invoices and confirmation of filing of statutory returns by the Service Provider.

12. Submission of invoices on a monthly basis shall not be construed as acceptance of services by IBPS. Acceptance of services shall remain subject to verification of deliverables, SLA compliance, and certification by the designated officials of IBPS.

8.10 Activities and timelines for Completion

a. Listed below Table consist of the activities and timelines for Completion of Milestones.

Sl No	Activity	Timeline to Achieve Milestone	Outcome	Project Milestone
1	Project Initiation, Requirement Gathering & Kick-off Meeting	T	Finalization of requirements, scope, implementation approach, timelines	Start of Milestone 1
2	Functional Requirement Study & System Design Finalization	T + 1 Week	Approved Business Requirement Document (BRD) and Solution Architecture	
3	UI/UX Design and Portal Workflow Finalization	T + 2 Weeks	Approved portal design, screen workflows, navigation structure	
4	Infrastructure Provisioning & Environment Setup	T + 2 Weeks	Development, Testing, Staging and Production environments provisioned	
5	Completion of Detailed Project Plan & Development Readiness	T + 2 Weeks	Acceptance of project plan and technical architecture by IBPS	Completion of Milestone 1
6	Core Application Development (Registration, Application Management, Payment Integration, Document Upload Modules)	T + 4 Weeks	Core modules developed and internally tested	Start of Milestone 2
7	Advanced Module Development (Admin Portal, Reporting, Communication System, AI/Validation Modules, Security Configuration)	T + 5 Weeks	All functional modules completed	

“Development of online Applications Portal for Candidates Registration with Grievance Redressal System and Hosting of IBPS Website”.

8	System Integration, API Integration & Internal Testing	T + 6 Weeks	Integrated platform ready for User Acceptance Testing (UAT)	
9	User Acceptance Testing (UAT), Bug Fixes & Performance Testing	T + 7 Weeks	UAT completed and all critical issues resolved	
10	Security Testing (VAPT), Compliance Validation & Audit Readiness	T + 8 Weeks	Security compliance validation completed	
11	Production Deployment, Data Migration & Go-Live Preparation	T + 9 Weeks	Production environment deployment completed	
12	SOP Documentation, Administrator Manuals & Operational Readiness	T + 9 Weeks	Operational documents finalized and approved	Completion of Milestone 2
13	User Training, Knowledge Transfer & Go-Live Support	T + 10 Weeks	Users trained and portal operational	Start of Milestone 3
14	Final Go-Live, Stabilization Support & Final Sign-Off	T + 10 Weeks	Successful production go-live and project completion	Completion of Milestone 3

Payment shall only be made after satisfactory completion of issued Milestone / submission of report / delivery of items & licenses and due certification to the effect by IBPS as mentioned in payment terms.

Submission of Invoice.

8.11 Price:

- The price should be quoted as per **Annexure – “R”**.
- There shall be no increase in price for any reason whatsoever during the entire period of contract.

8.12 Goods and Services Tax (GST):

- System Integrator’s should ensure that they are registered under GST and furnish their GSTIN number and GST Registration Certificate in their bids.
- System Integrator’s undertakes that in case of non-compliance by the System Integrators of the GST provisions which results in blockage/reversal of any input tax credit to IBPS, System Integrator’s shall be liable to indemnify the IBPS any such loss of input credit including interest, penalty and all incidental expenses incurred by IBPS. Such indemnification may also be by way of invocation of any security deposit, deduction from any payment that IBPS must make to the System Integrator, as per the discretion of the IBPS.

It is clarified that IBPS will intimate the System Integrator’s before making any recovery in this regard.

8.13 Repeat Order:

- a. IBPS has right to alter (increase or decrease) the number of quantities in the Bill of Material mentioned in the RFP.
- b. IBPS has right to place repeat order to the System Integrator for any or all the equipment and licenses mentioned in this RFP, at the unit rate quoted in the commercial format during the period of one year from the date of acceptance of the solution.

8.14 Intellectual Property:

Intellectual Property Rights in all Standard software and all off-the-shelf software shall remain vested in the owner of such rights.

8.15 Confidentiality:

The System Integrator shall treat the details of the proposal documents as secret and confidential.

8.16 Indemnity:

The System Integrator shall indemnify, protect and save IBPS and hold IBPS harmless from and against all claims, losses, costs, damages, expenses, action suits and other proceedings, (including reasonable attorney fees), relating to or resulting directly or indirectly from

1. an act of omission or commission of the System Integrator, its employees, its agents, or employees of its sub-contractors in the performance of the services provided by the Purchase Order,
2. Breach of any of the terms of the Purchase Order or breach of any representation or warranty or false statement or false representation or inaccurate statement or assurance or covenant by the System Integrator,
3. Bonafide use of the deliverables and or services provided by the System Integrator,
4. Misappropriation of any third-party trade secrets or infringement of any patent, trademarks, copyrights etc. or such other statutory infringements in respect of all components provided to fulfil the scope of this project,
5. Employment claims made by the employees, sub-contractor, sub-contractor's employees, who are deployed by the System Integrator, under this Purchase Order.
6. Breach of confidentiality obligations of the System Integrator.
7. Gross negligence or gross misconduct solely attributable to the System Integrator or by any agency, Contractor, subcontractor or any of their employees engaged by the System Integrator for the purpose of any or all the obligations under this contract.

The System Integrator shall further indemnify IBPS against any loss or damage arising out of loss of data, claims of infringement of third-party copyright, patents, or other intellectual property, and third-party claims on IBPS for malfunctioning of the equipment or software or deliverables at all points of time, provided however,

- i. IBPS notifies the System Integrator in writing immediately on being aware of such claim.
- ii. The System Integrator has sole control of defence and all related settlement negotiations.
- iii. System Integrator shall be responsible for any loss of data, loss of life, etc. due to wilful misconduct of System Integrator’s representatives, and not just arising out of gross negligence or misconduct, etc., as Such liabilities pose significant risk.
- iv. The System Integrator shall indemnify IBPS (including its employees, directors or representatives) from and against claims, losses, and liabilities arising from:
 1. Non-compliance of the System Integrator with Laws / Governmental Requirements.
 2. Intellectual Property infringement or misappropriation.
 3. Negligence and misconduct of the System Integrator, its employees, sub-contractor and agents.
 4. Breach of any terms of Agreement, Representation or Warranty.
 5. Act of omission or commission in performance of service.
 6. Loss of data.

Indemnity would be limited to court awarded damages and shall exclude indirect, consequential and incidental damages. However, indemnity would cover damages, loss or liabilities, Compensation suffered by IBPS arising out of claims made by its customers and/or regulatory authorities.

System Integrator shall indemnify, protect and save IBPS against all claims, losses, costs, damages, expenses, action, suits and other proceedings, resulting from misappropriation of any

third party trade secrets or infringement of any patent, trademarks, copyrights etc. or such other statutory infringements under any laws including the Copyright Act, 1957 or Information Technology Act 2000 in respect of all the hardware, software and network equipment’s or other systems supplied by them to IBPS from whatsoever source, provided IBPS notifies the System Integrator in writing as soon as practicable when IBPS becomes aware of the claim however,

- (i) The System Integrator has sole control of the defence and all related settlement negotiations.
- (ii) IBPS provides the System Integrator with the assistance, information and authority reasonably necessary to perform the above and
- (iii) IBPS does not make any statements or comments or representations about the claim without the prior written consent of the System Integrator, except where IBPS is required by any authority/ regulator to make a comment / statement/ representation. Indemnity

would be limited to court or arbitration awarded damages and shall exclude indirect, consequential and incidental damages and compensations. However, indemnity would cover damages, loss or liabilities suffered by IBPS arising out of claims made by its customers and/or regulatory authorities.

8.17 System Integrator's Liability:

The selected System Integrator will be liable for all the deliverables.

The System Integrator's aggregate liability in connection with obligations undertaken as part of the Project regardless of the form or nature of the action giving rise to such liability (whether in contract, tort or otherwise), shall be at actual and limited to the value of the contract.

The System Integrator's liability in case of claims against IBPS liability in case of claims against IBPS resulting from gross misconduct or gross negligence of the System Integrator, its employees, contractors, and subcontractors or from infringement of patents, trademarks, copyrights or such other Intellectual Property Rights or breach of confidentiality obligations shall be unlimited.

The parties hereby agree that due to negligence act of the System Integrator or non-fulfilment of contract obligations, if IBPS suffers losses, damages the System Integrator would be fully liable to the total value of the contract.

8.18 Force Majeure:

Notwithstanding the provisions of the RFP, the successful System Integrator or IBPS shall not be liable for penalty or termination for default if and to the extent that its delay in performance or other failure to perform its obligations under the contract is the result of an event of Force Majeure. For purposes of this clause, “Force Majeure” means an event beyond the control of the System Integrator and not involving IBPS or System Integrator's fault or negligence and not foreseeable. Such events may include, but not restricted to wars, revolutions, epidemics, natural disasters etc.

If force majeure situation arises, the System Integrator shall promptly notify IBPS in writing of such condition and cause thereof. Unless otherwise directed by IBPS in writing, the System Integrator shall continue to perform its obligations under the contract as far as possible. If the Event of Force Majeure shall continue for more than twenty 20 days either party shall be entitled to terminate the Contract at any time thereafter without notice. Neither party shall have any liability to the other in respect of the termination of this Contract because of an Event of Force Majeure.

8.19 Resolution of Disputes:

In case of any dispute the decision of Director of IBPS shall be final. Dispute, if any, will be settled in the Courts of Mumbai Jurisdiction only.

8.20 Compliance with Applicable Laws of India:

The System Integrator shall undertake to observe, adhere to, abide by, comply with and notify IBPS about all laws in force or as are or as made applicable in future, pertaining to or applicable to them, their business, their employees or their obligations towards them and all purposes of this Contract and shall indemnify, keep indemnified, hold harmless, defend and protect IBPS /officers/staff/personnel/representatives/agents from any failure or omission on its part to do so and against all claims or demands of liability and all consequences that may occur or arise for any default or failure on its part to conform or comply with the above and all other statutory obligations arising there from.

The System Integrator shall promptly and timely obtain all such consents, permissions, approvals, licenses, etc., as may be necessary or required for any of the purposes of this project or for the conduct of their own business under any applicable Law, Government Regulation/Guidelines and shall keep the same valid and in force during the term of the project, and in the event of any failure or omission to do so, shall indemnify, keep indemnified, hold harmless, defend, protect and fully compensate IBPS and its employees/officers/staff/personnel/ representatives/agents from and against all claims or demands of liability and all consequences that may occur or arise for any default or failure on its part to conform or comply with the above and all other statutory obligations arising there from and IBPS will give notice of any such claim or demand of liability within reasonable time to the System Integrator.

8.21 Legal Compliances:

The System Integrator confirms to IBPS that its personnel/ employees/staff are covered under the provision of various Acts enacted for the protection and benefits of workmen /employees /staff or otherwise such as Employees State Insurance Act and Employees Provident Fund Miscellaneous Provision Act etc. and such other Acts like Profession Tax Act etc. as applicable and that System Integrator is duly registered under the provisions of the said Acts and is complying with the provisions of the Acts.

The System Integrator shall allow IBPS as well as regulatory authorities to verify books in so far as they relate to compliance with the provisions of these Acts and shall provide on demand by IBPS & regulatory authorities such documentary proof as may be necessary to confirm compliance in this regard. IBPS shall not be responsible in any event to the employees of System Integrator for any of their outstanding claims or liability in that regard. IBPS shall not be responsible for any claim or demand made by such personnel for their dues outstanding against System Integrator.

8.22 Compliance of Labour and Other Law:

The System Integrator shall comply with all the statutory requirements as are applicable from time to time and shall be solely responsible for fulfilment of all legal obligations under various statutes including Contract Labour (Regulation and Abolition) Act 1970, Minimum Wages Act, n Employees Compensation Act, Employees Provident Fund & Miscellaneous Provisions Act,

Shop and Establishment Act etc. System Integrator shall keep IBPS indemnified against any dues/compensation or any other liability of any nature whatsoever due to non-fulfilment of any of the statutory provision under any statute/byelaws/ notification etc. including industrial laws. IBPS shall have full right to recover any claim and liability incurred towards payment of any dues, compensation or cost from System Integrator and deducts it from its outstanding subsequent bills.

8.23 Replacement of Resource(s):

IBPS shall consider at its sole judgment that the Resource(s) provided by System Integrator as unsuitable for the job for whatsoever reason, IBPS shall have the option either (1) to terminate the Purchase Order in part or as a whole or (2) to request System Integrator for prompt replacement within 15 days at its cost.

In case any key resource wants to leave from service then System Integrator shall take proper handover from the candidate before leaving the job so that IBPS operations shall not be affected.

8.24 Intellectual Property Rights:

All rights, title and interest of IBPS in and to the trade names, trademark, service marks, logos, products, copy rights and other intellectual property rights shall remain the exclusive property of IBPS and System Integrator shall not be entitled to use the same without the express prior written consent of IBPS. Nothing in contract including any discoveries, improvements or inventions made upon with/using the System Integrator or its respectively employed resources pursuant to contract shall neither vest nor shall be construed so that to vest any proprietary rights to the System Integrator. Notwithstanding, anything contained in Contract, this clause shall survive indefinitely, even after termination of this Purchase Order.

8.25 Statutory Compliance:

System Integrator shall comply and ensure strict compliance by his employees and agents of all applicable Central, State, Municipal and Local laws and Regulations and undertake to indemnify IBPS from and against all levies, damages, penalties and payments whatsoever as may be imposed by reason of any breach or violation of any law, rule, including but not limited to the claims against IBPS under Workmen Compensation Act, 1923, The Employees Provident Fund Act, 1952, The Purchase Order Labour (Abolition and Regulation) Act 1970, Factories Act, 1948, Minimum Wages Act and Regulations, etc. Shop and Establishment Act and any Labour Laws which would be amended/modified or any new act if it comes in force whatsoever, and all actions claim, and demand arising therefrom and/or related thereto.

System Integrator shall ensure to keep and maintain all the statutory registers, records as required under provisions of contract of Labour(R&A) Act,1970, Minimum Wages Act and the rules made thereunder, Employees Provident Fund Act, 1952 and keep the same available for inspection by IBPS and Government Authorities.

8.26 No Damage of IBPS Property:

System Integrator shall ensure that there is no loss or damage to the property of IBPS while executing the Contract. In case, it is found that there is any such loss/damage due to direct negligence/non- performance of duty by any personnel, the amount of loss/damage so fixed by IBPS shall be recovered from System Integrator.

8.27 Governing Law:

The Contract shall be governed by and interpreted in accordance with the laws of the Union of India the jurisdiction and venue of any action with respect to the subject- matter of this Contract shall be the Courts of Mumbai in India and each of the parties hereto submits itself to the exclusive jurisdiction and venue of such courts for the purpose of any such action.

8.28 Fraudulent and Corrupt Practice:

“Fraudulent Practice” means a misrepresentation of facts to influence a procurement process or the execution of the project and includes collusive practice among System Integrator’s (prior to or after Bid submission) designed to establish Bid prices at artificial non-competitive levels and to deprive the IBPS of the benefits of free and open competition.

” Corrupt Practice” means the offering, giving, receiving or soliciting of anything of value, pressurizing to influence the action of a public official in the process of project execution. IBPS will reject a proposal for award if it determines that the System Integrator recommended for award has engaged in corrupt or fraudulent practices in competing for, or in executing, the project.

8.29 Order Cancellation:

IBPS reserves its right to cancel the order in the event of one or more of the following situations, that are not occasioned due to reasons solely and directly attributable to IBPS alone.

- i. Delay in customization / implementation / installation beyond the specified period as set out in the Purchase Order before acceptance of the product; or,
- ii. Serious discrepancy in the quality of service / hardware / functionality of software expected during the implementation, rollout and subsequent maintenance process.
- iii. If a System Integrator makes any statement or encloses any form which turns out to be false, incorrect and/or misleading or information submitted by the System Integrator turns out to be incorrect and/or conceals or suppresses material information.
- iv. In case of order cancellation, any payments made by IBPS to the System Integrator for the product would necessarily have to be returned to IBPS with interest @ 15% per annum from the date of each such payment. Further the System Integrator would also

“Development of online Applications Portal for Candidates Registration with Grievance Redressal System and Hosting of IBPS Website”.

be required to compensate IBPS for any direct loss incurred by IBPS due to the cancellation of the Purchase Order and any additional expenditure to be incurred by IBPS to appoint any other System Integrator. This is after repaying the original amount paid. The System Integrator should treat the details of the documents as secret and confidential. Responses submitted by the System Integrator to this RFP represent a firm offer to contract on the terms and conditions described in the RFP document.

Section 9 – Technical & Functional Requirements

Section 9 – Technical & Functional Requirements

The selected System Integrator (SI) shall design, develop, implement, integrate, test, deploy, operate, maintain, and support a comprehensive End-to-End Online Recruitment Management Portal for IBPS. The proposed solution shall be configurable, scalable, secure, highly available, AI-enabled, and capable of handling large-scale recruitment projects with high concurrent users. The scope shall include, but not be limited to, the following functional and technical requirements.

9.1 Candidate Registration & Application Management: - The SI shall develop a comprehensive Online Registration System capable of managing multiple recruitment projects simultaneously. The solution shall include:

- Dynamic Recruitment Notification Management
- Online Candidate Registration
- Candidate Login Dashboard
- Profile Management
- Save & Resume Facility
- Application Preview
- Final Submission
- Application PDF Generation
- Application Re-print
- Application Modification Window (if permitted)
- FAQ Module
- Help Centre
- "How to Apply" Module
- Candidate Self-Service Portal
- Mobile Responsive Interface
- Multilingual User Interface

9.2 Candidate Authentication & Document Management: - The solution shall provide secure candidate verification mechanisms including:

- OTP-based Registration
- Multi-Factor Authentication (MFA)
- Aadhaar/e-KYC Integration (where permitted)
- DigiLocker Integration
- Face Image Validation
- AI-based Photograph Verification
- Signature Validation
- Live Image Quality Checks
- OCR-based Document Verification
- Intelligent Document Processing (IDP)
- Duplicate Candidate Detection
- AI-assisted Document Validation
- Secure Document Repository
- Supported document formats shall include PDF, JPG, JPEG, PNG, DOC and DOCX.

9.3 Online Fee Collection & Financial Management

- The SI shall provide seamless integration with Payment Gateway(s) through secure APIs.
- The solution shall support:
 - Multiple Payment Modes
 - UPI
 - Net Banking
 - Credit/Debit Cards
 - Wallets
 - Payment Reconciliation
 - GST Invoice Generation
 - e-Receipt Generation
 - Refund Processing (if applicable)
 - Payment MIS
 - Financial Reports

9.4 Recruitment Workflow Management: - The solution shall provide configurable workflow-based automation for the complete recruitment lifecycle including:

- Vacancy Management
- Eligibility Validation
- Reservation Management
- Scrutiny Workflow
- Application Approval/Rejection
- Examination Management
- Interview Management
- Document Verification
- Final Selection
- Waiting List
- Joining Status
- Workflow shall be configurable without source code modification.

9.5 Examination Management: - The solution shall support complete examination management including:

- Admit Card Generation at various stages
- Document Verification
- Barcode & QR Code Generation
- Roll Number Generation
- Centre Allocation
- Batch Management
- AI-based Face Verification (if required)

9.6 Communication Management: -The portal shall provide communication engine supporting

- Email
- SMS
- WhatsApp (optional)
- Push Notifications
- Bulk Communication
- Event-based Alerts
- Reminder Notifications

9.7 AI Enabled Features: -Complete communication logs shall be maintained.

- **AI-enabled Features:** -The proposed solution shall leverage Artificial Intelligence technologies including:
 - Generative AI
 - Large Language Models (LLMs)
 - Machine Learning
 - Natural Language Processing (NLP)
 - Optical Character Recognition (OCR)
 - Intelligent Document Processing (IDP)

The AI engine shall support the followings.

- Multilingual Translation
- Intelligent Search
- Duplicate Candidate Detection
- AI-based Image Validation
- Candidate Behaviour Analytics
- Smart Data Validation
- Intelligent Helpdesk Chabot
- Predictive Analytics
- AI-based Reporting

9.8 Result Display: - The solution shall support.

Result Data Integration

- Secure receipt/import of examination scores from online examination systems, interview systems and other authorized sources defined by IBPS.
- API-based integration with examination, interview, document verification and candidate databases.
- Support for bulk data upload through secure and validated formats.
- Automated validation of received data before processing.

Result Publication

- Secure publication of results on the recruitment portal.
- Candidate-wise marks, scores, status and qualification details.

“Development of online Applications Portal for Candidates Registration with Grievance Redressal System and Hosting of IBPS Website”.

- Candidate login-based result viewing.
- Candidate-wise scorecard/result display.
- Download/print facility.
- CAPTCHA/OTP or other appropriate authentication controls.
- Controlled publication date and time.

Result Data Security

- Encryption of result data at rest and in transit.
- Role-Based Access Control (RBAC).
- MFA for privileged users.
- Restricted access to highly confidential result data.

Audit Trail and Logs

- Complete logs of data upload, processing, modification, approval and publication.
- User ID, timestamp, IP address and activity details.
- Logs of result downloads and administrative activities.

Advanced dashboards shall provide

- Recruitment Status
- Registration Analytics
- Financial Analytics
- Examination Analytics
- Candidate Analytics
- Executive MIS

9.9 Administration Module

The Administrator Module shall provide Role-Based Access Control (RBAC) with configurable permissions. The module shall support:

- User Management
- Organization Management
- Recruitment Configuration
- Audit Logs
- Workflow Configuration
- Master Data Management
- Notification Management
- Dashboard Management
- API Monitoring
- Health Monitoring

9.10 Reporting & MIS: - The solution shall provide configurable reports including:

- Registration Reports
- Category Reports

“Development of online Applications Portal for Candidates Registration with Grievance Redressal System and Hosting of IBPS Website”.

- Centre-wise Reports
- Payment Reports
- GST Reports
- Candidate Reports
- Recruitment Reports
- Audit Reports
- Dashboard Reports

Reports shall be exportable in

- PDF
- Excel
- CSV
- TXT

9.11 Technical Requirements: - The proposed solution shall:

- Support minimum 20,000 concurrent users (configurable based on project requirements).
- Achieve an average application response time of less than two (2) seconds under normal operating conditions.
- Full stack development with Angular / NodeJS with MySQL database
- Support Microservices Architecture with RESTful APIs.
- Support Docker and Kubernetes deployment.
- Be platform-independent and browser-independent.
- Be compatible with desktops, laptops, tablets, and mobile devices.
- Support High Availability (HA) and Disaster Recovery (DR).
- Provide centralized monitoring and logging.
- Maintain uptime of 99.9% or higher.
- Support horizontal and vertical scalability.

9.12 Cyber Security & Compliance: - The solution shall comply with:

- Digital Personal Data Protection (DPDP) Act
- CERT-In Guidelines
- OWASP Top 10
- ISO/IEC 27001
- GIGW Guidelines
- WCAG Accessibility Standards
- SSL/TLS 1.3
- Multi-Factor Authentication
- Role-Based Access Control
- Encryption at Rest and in Transit
- Vulnerability Assessment & Penetration Testing (VAPT)
- Audit Trails
- Security Logging

“Development of online Applications Portal for Candidates Registration with Grievance Redressal System and Hosting of IBPS Website”.

- Source Code Security Review

9.13 Operations, Maintenance & Support: - The SI shall provide:

- 24x7x365 Support
- Incident Management
- Change Management
- Problem Management
- Release Management
- Version Upgrades
- Security Patches
- Performance Tuning
- Preventive Maintenance which includes Corrective, Adaptive and Perfective

9.14 Documentation & Knowledge Transfer: -The SI shall provide:

- Software Requirement Specification (SRS)
- Functional Requirement Specification (FRS)
- Technical Requirement Specification (TRS)
- System Design Document
- API Documentation
- Database Design
- SOPs
- Run Books
- User Manuals
- Administrator Manuals
- Source Code Documentation
- Knowledge Transfer Sessions
- Training for Technical and Functional Users

9.15 Data Archival and Retrieval Module: -

The Data Archival and Retrieval Module shall provide a secure, scalable, centralized and auditable mechanism for archival, preservation and retrieval of recruitment-related data and documents for the complete approved retention period.

The solution shall support configurable retention policies, automated archival, advanced search and retrieval, RBAC/MFA, encryption, data-integrity controls, audit trails, version/history management, controlled data export, legal/administrative hold, secure disposal after expiry of retention period, backup and DR, and integration with other recruitment modules. The archived data shall retain its original structure, metadata, relationships and integrity, and shall be retrievable using the Archival Application mechanism only by duly authorized users.

All access, viewing, downloading, modification, archival and disposal activities shall be logged and retained for audit purposes. The solution shall ensure that archival activities do not adversely affect the performance or availability of the live recruitment portal.

Section 10 – Annexures

Section 10 – Annexures

The table below lists out all the Annexures to be included in the Envelopes (“A”, “B” & “C”)

Envelope Details	Annexure Details	Count of Annexures
Envelope “A”	Annexure - A, B, C, D, E, F, G, H, I, J & W	11
Envelope “B”	Annexure – K, L,O,P,Q,T,U,V,X & U	10
Envelope “C”	Annexure - M & R	2

The table below lists out all the Annexure covered in this document:

Envelope	Annexure	Annexure Name	Reference
Envelope “A”	Annexure “A”	System Integrator's Letter for EMD/Bid Security	Page no 80
Envelope “A”	Annexure “B”	Bid Offer Forms (without Price) (System Integrator’s Letter Head)	Page no 81
Envelope “A”	Annexure “C”	Manufacturer’s Authorization Form	Page no 83
Envelope “A”	Annexure “D”	System Integrator’s Information	Page no 84
Envelope “A”	Annexure- “E”	Declaration regarding Clean Track by System Integrator	Page no 85
Envelope “A”	Annexure “F”	Declaration for Acceptance of RFP Terms and Conditions	Page no 86
Envelope “A”	Annexure “G”	Declaration for Acceptance of Scope of Work	Page no 87
Envelope “A”	Annexure “H”	Acceptance Certificate	Page no 88
Envelope “A”	Annexure “I”	Power of Attorney	Page no 89
Envelope “A”	Annexure “J”	Mandatory Eligibility Criteria and its related documents	Page no 90
Envelope “B”	Annexure “K”	Proposed solution document	Page no 92
Envelope “B”	Annexure “L”	Bid form (Technical Bid)	Page no 93
Envelope “C”	Annexure “M”	Commercial Bid Form	Page no 95
	Annexure “N”	PBG on Notice of Award	Page no 97
Envelope “B”	Annexure “O”	Undertaking of Authenticity	Page no 99
Envelope “B”	Annexure “P”	Certificate Of Local Content	Page no 100
Envelope “B”	Annexure “Q”	Non-Disclosure Agreement	Page no 101
Envelope “C”	Annexure “R”	Commercial Bid Format (Line-item wise prices)	Page no 102
Envelope “B”	Annexure “S”	Technical Score Matrix	Page no 108
Envelope “B”	Annexure “T”	Declaration of Ownership of Data Centre	Page no 106
Envelope “B”	Annexure “U”	Undertaking being Responsible for Project	Page no 107
Envelope “B”	Annexure “V”	Technical Evaluation Matrix	Page no 108
Envelope “A”	Annexure “W”	Mandatory Eligibility Criteria Matrix	Page no 109
Envelope “B”	Annexure “X”	Compliance to Technical and Functional	Page no 111
Envelope “B”	Annexure “Y”	Specification to Data Center Setup	Page no 115

(Documents form to be put in Envelope “A”)

“Selection of System Integrator for Development of online Applications Portal for Candidates Registration with Grievance Redressal System and Hosting of IBPS Website”

OFFER LETTER

Date:

To

IBPS

Dear Sir,

We have examined the above referred RFP document. As per the terms and conditions specified in the RFP document, and in accordance with the schedule of prices indicated in the commercial bid and made part of this offer.

We acknowledge having received the following addenda / corrigenda to the RFP document.

S N	Addendum No. / Corrigendum No.	Dated
1		
2		

While submitting this bid, we certify that:

1. Prices have been quoted in INR.
2. The prices in the bid have not been disclosed and will not be disclosed to any other System Integrator of this RFP.
3. We have not induced nor attempted to induce any other System Integrator to submit or not submit a bid for restricting competition.
4. We agree that the rates / quotes, terms and conditions furnished in this RFP are for IBPS And its Associates.

If our offer is accepted, we undertake to start the assignment under the scope immediately after receipt of your order. We have taken note of Penalty clauses in the RFP and agree to abide by the same. We also note that IBPS reserves the right to cancel the order and order cancellation clause as per terms and conditions would be applicable. We understand that for delays not attributable to us or on account of uncontrollable circumstances, penalties will not be levied and that the decision of IBPS will be final and binding on us.

**“Development of online Applications Portal for Candidates Registration with Grievance Redressal System and
Hosting of IBPS Website”.**

We agree to abide by this offer till 180 days from the last date stipulated by IBPS for submission of bid, and our offer shall remain binding upon us and may be accepted by IBPS any time before the expiry of that period.

Until a formal contract is prepared and executed with the selected System Integrator, this offer will be binding on us. We also certify that the information/data/particulars furnished in our bid are factually correct. We also accept that in the event of any information / data / particulars are found to be incorrect, IBPS will have the right to disqualify /blacklist us and forfeit bid security.

We undertake to comply with the terms and conditions of the bid document. We understand that IBPS may reject any or all the offers without assigning any reason whatsoever.

As security for the due performance and observance of the undertaking and obligation of the bid. We submit herewith Demand Draft bearing no. _____ Dated _____
Drawn in Favour of “Institute of Banking Personnel Selection” valid for _____ days for an amount of Rs.5,00,000 (Rs. Five Lakh Only) payable at Mumbai.

Yours sincerely,

Ref: RFP No. IBPS/RFP/2026-27/TSS-007 dated August,17 2026

Dear Sir,

We have examined the above RFP, the receipt of which is hereby duly acknowledged and subsequent pre-bid clarifications/ modifications / revisions, if any, furnished by the Institution and we offer to supply, Install, test, commission and support the desired Products detailed in this RFP. We shall abide by the terms and conditions spelt out in the RFP. We shall participate in and submit the commercial Bid through online auction to be conducted by the Institution's authorized service provider, on the date advised to us.

While submitting this Bid, we certify that:

- The undersigned is authorized to sign on behalf of the System Integrator and the necessary support document delegating to this authority is enclosed with this letter.
 - We declare that we are not in contravention of the conflict-of-interest obligation mentioned in this RFP.
 - Indicative prices submitted by us have been arrived at without agreement with any other System Integrator of this RFP for the purpose of restricting competition.
 - The indicative prices submitted by us have not been disclosed and will not be disclosed to any other System Integrator responding to this RFP.
 - We have not induced or attempted to induce any other System Integrator to submit or not to submit a Bid for restricting competition.
 - We have quoted for all the Products/Services mentioned in this RFP in our indicative price Bid.
 - The rate quoted in the indicative price Bids are as per the RFP and subsequent pre-Bid clarifications / modifications/ revisions furnished by the Institution, without any exception.
- I. We undertake that, in competing for (and, if the award is made to us, in executing) the above contract, we will strictly observe the laws against fraud and corruption in force in India namely "Prevention of Corruption Act 1988". RFP for procurement, installation, commissioning, and maintenance of Storage Solution IT Cloud Solutions

Selection of System Integrator for Development of online Applications Portal for Candidates Registration with Grievance Redressal System and Hosting of IBPS Website

- II.** We undertake that we will not offer, directly or through intermediaries, any bribe, gift, consideration, reward, Favor, any material or immaterial benefit or other advantage, commission, fees, brokerage or inducement to any official of the Institution, connected directly or indirectly with the bidding process, or to any person, organization or third party related to the contract in exchange for any advantage in the bidding, evaluation, contracting and implementation of the contract.
- III.** We undertake that we will not resort to canvassing with any official of the Institution, connected directly or indirectly with the bidding process to derive any undue advantage. We also understand that any violation in this regard will result in the disqualification of System Integrator from further bidding process.
- IV.** It is further certified that the contents of our Bid are factually correct. We have not sought any deviation to the terms and conditions of the RFP. We also accept that in the event of any information / data / particulars proving to be incorrect, the Institution will have the right to disqualify us from the RFP without prejudice to any other rights available to the Institution.
- V.** We certify that while submitting our Bid document, we have not made any changes in the contents of the RFP document, read with its amendments/clarifications provided by the Institution.
- VI.** On acceptance of our technical bid, we undertake to participate in Reverse auction by way of login in to Reverse auction tool. In case of declaration as successful System Integrator (SI) on completion of Reverse auction process, we undertake to complete the formalities as specified in this RFP.
- VII.** The commercial bidding process will be through the reverse auction process to be conducted by the Institution, or a company authorized by the Institution. We understand that our authorized representative who would participate in the reverse auction process would be possessing a valid digital certificate for the purpose.
- VIII.** Till execution of a formal contract, the RFP, along with the Institution 's notification of award by way of issuance of purchase order and our acceptance thereof, would be binding contractual obligation on the Institution and us.
- IX.** RFP for procurement, installation, commissioning, and maintenance of Storage Solution IT Cloud Solutions
- X.** We understand that you are not bound to accept the lowest or any Bid you may receive, and you may reject all or any Bid without assigning any reason or giving any explanation whatsoever.
- XI.** We hereby certify that our name does not appear in any "Caution" list of RBI / IBA or any other regulatory body for outsourcing activity.
- XII.** We hereby certify that on the date of submission of Bid for this RFP, we do not have any past/ present litigation which adversely affect our participation in this RFP or we are not under any debarment/blacklist period for breach of contract/fraud/corrupt practices by any Scheduled Commercial Institution / Public Sector Undertaking/ State or Central Government or their agencies/departments.

**Selection of System Integrator for Development of online Applications Portal for Candidates Registration with
Grievance Redressal System and Hosting of IBPS Website**

- XIII.** We hereby certify that we (participating in RFP as OEM)/ our OEM have a support centre and level 3 escalation (highest) located in India.
- XIV.** We hereby certify that on the date of submission of Bid, we do not have any Service Level Agreement pending to be signed with the Institution for more than 6 months from the date of issue of purchase order.
- XV.** We hereby certify that we have read the clauses contained in O.M. No. XYZ, dated XYZ order (Public Procurement No. 1), order (Public Procurement No. 2) dated XYZ and order (Public Procurement No. 3) dated XYZ along with subsequent Orders and its amendment thereto regarding restrictions on procurement from a System Integrator of a country which shares a land border with India. We further certify that we and our OEM are not from such a country or if from a country, have been registered with competent authority (where applicable evidence of valid certificate to be attached). We certify that we and our OEM fulfil all the requirements in this regard and are eligible to participate in this RFP.
- XVI.** If our Bid is accepted, we undertake to enter and execute at our cost, when called upon by the Institution to do so, a contract in the prescribed form and we shall be solely responsible for the due performance of the contract.
- XVII.** We, further, hereby undertake and agree to abide by all the terms and conditions stipulated by the Institution in the RFP document.

**Selection of System Integrator for Development of online Applications Portal for Candidates
Registration with Grievance Redressal System and Hosting of IBPS Website**

Annexure V – Technical Evaluation Matrix

(Documents form to be put in Envelope “B”)

(Bidder has to fill in the respective values in the Technical Evaluation Matrix)

Point	Technical Criteria	Yes/No
I	Expertise of the Bidder in providing the entire Project on its own.	
1	Having your own ISP setup (YES / NO)	
2	Having own setup of dedicated software development team	
3	Having separate unit of dedicated Testing team	
4	Having separate unit of dedicated Deployment team	
II	Projects executed - Past Experience	
1	Development of online Registration application and Call letter links during last year	
2	Maximum Number of application handled in a single URL during last year	
3	Maximum Number of applications handled during any single day during last year	
4	Total Registrations handled during the last year	
5	Maximum number of candidate count for any result link during last year.	
6	Development of Result Display links during last year.	
7	Hosting of website- Number of clients	
8.1	Maintenance of website -Number of clients	
8.2	Uptime percentage	
9	Development and handling Candidate complaint system - Number of clients	
III	Features of the Application for online Registration	
1	Feature to upload documents (YES / NO)	
2	Registration in secured link i.e. https (YES / NO)	
3	S2S Integration of multiple Payment Gateways (YES / NO)	
4	Application to run on iPad in addition to the existing PC setup (YES / NO)	
5	Application to run on Mobile in addition to the existing PC setup (YES / NO)	
6	Application to run on Tablet in addition to the existing PC setup (YES / NO)	
7	Availability of Face Recognition Feature in Application as mentioned in technical requirement (YES / NO)	
8	Integration of Application with Adhaar and Digilocker for eKYC	
9	Integration of Application with 256 bit Secure QR Code	
10	Capability of implementing AI/ML Analytics with application and uploading documents	
IV	Data Centre & DR Set-up	
1	DC & DR setup are in different seismic zones (YES / NO)	
2	Do you own DC & DR setup (YES / NO)	
V	Complaint Management System	
	Number of years' experience in handling complaint Management System	
	Number of Complaints handled during last year	

Annexure W – Mandatory Eligibility Criteria Matrix

(Documents form to be put in Envelope “A”)

SI No	Basic Requirement	Eligibility Criteria	Document to be Submitted	Bidders confirmation Yes/No
1	Legal Entity	The Bidder should be a Legal Entity registered under the Companies Act, 2013 or the Companies Act, 1956 or LLP and should be in business for last 10 years as of March 2026.	Copy of Certificate of Incorporation /Registration/Partnership deed	
2	Financial Criteria	The Bidder should be a profit-making/ positive net worth company and have a minimum average annual turnover of at least 200 Cr in last three audited financial years from Indian Operations only for FY23-24, FY-24-25 & FY25-26.	Bidder should submit the Copies of Certified Audited Balance sheet / Profit & Loss statement.	
3	Experience	The Bidder should have minimum five years of experience in working with Central Govt. / State Govt. / PSUs / BFSI / Government Autonomous bodies.	Copy of relevant certificate / WO / PO	
4	Compliance	The Bidder is compliant with DPDP act 2023/ IT Act 2000 (including 43A) and amendments.	Letter from authorized signatory on the letter head of Bidder mentioning the compliance.	
5	Blacklisting	The Bidder should not be debarred/ blacklisted / banned by any Government / PSU in India as on the date of submission of the Bid.	Letter signed by the Authorized representative of the Bidder	
6	Data Centre	The Data Centre should be a Tier III data center and both should be on Private Cloud. Software, DC & DR should be owned & Managed by SP	This must be supported by documentary proof	

**Selection of System Integrator for Development of online Applications Portal for Candidates
Registration with Grievance Redressal System and Hosting of IBPS Website**

7	Required Certification	Certification;	A valid copy of the certificate	
		1. The solution to be compliant with: - a. ISO 27001 b. ISO27017, c. ISO 27018 d. ISO 2000-1 e. ISO 9001		
		2. SOC1 and SOC 2 Type1, Type 2 certified		
		3 Compliant with CERT-In Guidelines, IT Act 2000/2008 and DPDP Act 2023.		
8	Experience (Bidder)	The Bidder should have successfully implemented/commissioned at least three (03) projects of online Application/ Recruitment portal value of at least 50 Lacs. Each in last 3 years.	Copy of Work orders/Client Certificate/Agreement from SP	
9	Manpower Strength	The Bidder must have the strength of at least 50 IT Professionals (AI Programmer/ networking / system administration / cloud services professional's / cloud security experts) on their payroll as on the date of submission of this bid. At least 10 of these professionals must have experience (of minimum 2 years) in deployment and Management of required Services.	Certificate from HR on the letterhead of the Bidder certifying the availability of the resources on their payroll as on the date of submission of the bid as per the requirement.	
10	Tax Payment	The Bidder must have a valid GST Registration in India and PAN	A valid copy of the certificate	
11	Consortium Bidder	The Bidder should be the prime Bidder and no consortium is allowed.	Copy of Certificate of Incorporation /Registration/Partnership deed	

Annexure 'X' – Compliance to Technical & Functional Requirement

A.	The functional requirement of Solution for Online Registration of Applications:	Compliance Yes/No
1	Online Candidate Registration Application form development including FAQ link, How to Apply link, Home Page, Re-Print option etc.	
2	Admin Module with facilities / provision with password mechanism for managing the application dates in the area of Registration, Reprint, Edit, Fees Payment etc.	
3	Report Module having standard reports and the data-download Module with features like date wise, specific registration number, post wise, centre wise, category wise, Fee wise counts, GST MIS etc., in both txt and csv format.	
4	Save option of the filled application in a PDF format for the applicant candidate.	
5	Bulk data dump in secondary media after close of the Project.	
6	Bulk PDF generation based on request of each application in secondary media after close of the project.	
7	Project is to be kept live as per the specified timelines.	
8	Application should support English and Devanagari (Hindi/Marathi) script. Devanagari (Hindi/Marathi) script is required for labels and static display only	
9	Application should have provision to upload of photographs with face recognition feature & signature restricting human face and validate for white or grey or any other color empty space /white background around an image (jpg.gif format) and documents in.pdf, .doc, .docx formats by the candidates.	
10	SP should have S2S integration with Payment Gateway/s / Aggregators.	
11	SP should have facility to generate e-receipt, GST Invoice etc. for candidates after online payment.	
12	SP should have facility of sending emails, SMS, during different stages of registration and the logs for the same should be shared immediately.	
13	Development and hosting of various call letters, such as, Pre-Exam Training (PET) Call Letters, Online exam call letter, Interview call letters etc., at different stages as per the format given by IBPS.	
14	Sending bulk email and SMS to candidates at each stage of hosting abovementioned call letters, urgent intimation to candidates for change in the schedule of exam , document verification etc.	
15	Security enhancement like incorporating Captcha Code within the Registration Page.	
16	Bar code generation on call letter (Registration Number)	
17	Provision of Checksum to identify authenticity of the filled application	
18	It should be possible to reformat the applications for any project within a short notice of say 24 hours.	
19	The solution should have in-built data validation checks, for example fee/ qualification/age validation w.r.t. category, Category w.r.t. vacancy etc.	
20	Solution for request should be made available in live environment within 4 working days irrespective of number of posts in the application.	
21	The software shall guard against pit falls, which are possible in the large data processing jobs.	

**Selection of System Integrator for Development of online Applications Portal for Candidates
Registration with Grievance Redressal System and Hosting of IBPS Website**

22	After the closing date for each application the data, photographs and signatures of the candidates captured through this online process should be made available to IBPS.	
23	Application should support general validations for important field such as State, Pin code, Mobile No., email id etc.	
24	It would be the responsibility of the SP to cross check the various entries like, candidate name, father's name, husband's name, date of birth etc. as per the requirement of each application registration number, address, for ensuring accuracy of the input data before the final printing of the admit cards, attendance sheets, check lists, etc.	
25	The operations facility as well as the data center where the servers are hosted may be annually audited by the security auditors appointed by IBPS and or regulatory bodies. The audit scope can include source code inspection, vulnerability assessment, penetration test, OWASP top ten vulnerabilities and related infrastructure. The SP will facilitate the audits, fix/rectify all the vulnerabilities detected by the security auditors without any cost to IBPS.	
26	The SP shall maintain logs of each input and output feeds.	
27	SP shall ensure the data integrity and security of all running applications.	
28	SP shall ensure 365x24x7 service for any sort of alteration in running applications, call letters, for triggering important intimations through email/SMS etc.	
29	SP shall follow the data archival policy of IBPS, which will be intimated to the successful Bidder.	
30	Solution for Online Registration Application/ Call Letter/ Result etc. should be compatible on all devices i.e. desktops / laptops / Mobile Devices such as Tab, iPad, mobile handset etc., without any restriction of browser or its version. Mobile App based registration must be available.	
31	Version upgrades (including new features requested by IBPS) based on the best industry practice, are to be delivered without any additional cost.	
32	Solution for Data Capture request for already registered candidates should be made available as a part of application, if required.	
33	Functionality for edit window, data capture and uploading of documents	
34	Independent portal functionality for document verification for conducting online interview	
B	The Functional Requirements for Declaration of Results:	
1	The online registrations and the declaration of results shall be hosted in secured environment.	
2	Preparation of the result database in the structure as desired by IBPS for the purpose of uploading the same at IBPS website.	
3	Sending emails and SMS to the candidates as per the data and content given by IBPS.	
4	SP shall follow the data archival policy of IBPS, which will be intimated to the successful Bidder	
C.	Technical Requirement for combined / additional points	
1	SP should provide details of hardware, system software, application software, off-the-shelf software, database software, tools etc., used for the Solution proposed for Online Registration of Applications	

**Selection of System Integrator for Development of online Applications Portal for Candidates
Registration with Grievance Redressal System and Hosting of IBPS Website**

2	SP should provide details of hardware, system software, application software, off-the-shelf software, database software, and tools etc., used for the Solution proposed for Website hosting and revamping.	
3	Kindly indicate the maximum number of simultaneous hits on your solution for online registration will be able to handle.	
4	Infrastructure shall be deployed in minimum Tier 3 DC. DR site should be in different seismic zone.	
5	If there is a sudden spurt in the number of hits what is fallback arrangement to avoid any issues/ inconvenience to candidates.	
6	If higher capacity of hardware is required for a temporary period for any particular application how will handle the situation and how soon will you be able to resolve this.	
7	Response time with 10,000 concurrent users should be less than or equal to 0.1 second for any activity which includes form submission, query etc.	
8	The SP should provide online website monitoring solution to monitor the number of connections at any point of time, the response time of the Webserver, response time for web user, network response time, user IP address etc. This solution should also have capability to generate reports online as well as off-line.	
9	SP shall provide secure environment between IBPS & its portals for testing application, website updates etc. before it going live.	
10	Plug-ins and updates shall be validated periodically i.e. once in quarter for both, applications & Website servers	
D.	The SP shall undertake as given below:	
1	The SP shall deploy a dedicated team of reliable and experienced software engineers/programmers having expertise in preparation of database and other supporting staff including data entry operators.	
2	The SP should deploy experienced onsite support staff who will work from premises of IBPS.	
3	In case of need the SP shall agree to deploy temporary staff additionally at its own cost.	
4	The website should comply with the Government of India's IPv6 policy document/guidelines called "National IPv6 Deployment Roadmap."	
5	Any software component required in connections with the work of Website re-hosting and managing shall be the responsibility of the SP.	
6	All software used shall be licensed versions.	
7	Security controls for the re-hosted website should be in conformity with legal and regulatory standards, IT Act 2000 (as amended in 2008) and as per OWASP TOP Ten 2016/2017 and other contemporary cyber threats and vulnerabilities.	
8	The re-hosted website should be guarded against all known vulnerabilities, including but not limited to OWASP top 10 vulnerabilities.	
9	Any webpage collecting visitor's/administrator's personal information or login credentials must be protected with secure communication such as SSL/TLS1.2 (256-bit) and such information/credentials should be stored in encrypted format in database with latest encryption algorithm.	
10	SP should lock HTML source code to protect web pages from unauthorized copy.	

**Selection of System Integrator for Development of online Applications Portal for Candidates
Registration with Grievance Redressal System and Hosting of IBPS Website**

E.	The functional requirement for Revamping and hosting of IBPS Website.	
1	The SP shall guarantee an uptime of 99.9%.	
2	The SP shall manage all Website related matters.	
3	The SP shall maintain the Website.	
4	The SP shall make minor shifts in the layout of the Website as and when required by IBPS during the Contract period.	
5	After 2 Years if and when IBPS requires revamping of the website the SP shall do so, for which payment shall be made as per the Commercials agreed upon.	
6	The SP shall maintain the domains of IBPS (ibps.in & ibpsorg.org)	
7	SP shall maintain the expiry/ renewal of IBPS domains registration	
8	Website shall be compliant to the latest version of W3C standards.	
F.	The Technical requirement for Revamping and hosting of IBPS Website.	
1	Currently the Website is developed on HTML format using php.	
2	The SP is required to re-host with only minor changes, if required.	
3	Hosting of website shall be in a minimum Tier 3 DC situated in India.	
4	Website must be audited as per guidelines of Indian Government websites and detailed audit report along with compliance certificate as per cert-in specification must be presented on an annual basis.	
5	Website must be fully responsive & ready for retina displays.	
6	Website shall have adaptability/ support for different screen sizes & devices i.e. apart from display monitors website should support on TAB, iPad, Mobile phones etc.	
G	The functional and Technical requirement for Grievance Redressal System	
1	Development and hosting Online Candidate Grievance Redressal System for registering complaints and checking the status of lodged complaints including FAQ.	
H	The functional and Technical requirement for Maintenance and Management of IBPS Website	
1	SP shall ensure 365x24x7 security monitoring of the website and server to detect attacks and take necessary actions remedial measures. Security monitoring should also raise alerts for any suspicious events that may lead to security breach and should provide real-time alerts.	
2	SP should provide weekly/fortnightly/monthly reports of identified and mitigated attacks.	
3	The sizing of Web Server should be done in such a way that not more than 70% of server resources are utilized at any point of time.	
4	When the resource utilization exceeds 70% IBPS will be intimated immediately.	
5	The re-hosted website should be compatible with all web browsers and its versions like- IE, Netscape Navigator, Mozilla Firefox, Safari, and Google Chrome.	

**Selection of System Integrator for Development of online Applications Portal for Candidates
Registration with Grievance Redressal System and Hosting of IBPS Website**

6	The re-hosted website should be compatible with all screen resolutions, viz. – 800 x 600, 1024 x 768, 1280 x 1024, and higher.	
7	The shifted and re-hosted website should be optimized for faster and secured access. Response time should be minimum and comparable to industry standards.	
8	SP shall collect & store visitors' data, track the new and repeat visitors along with their details.	

Annexure 'U'

SPECIFICATIONS FOR DATA CENTRE/ DR SETUP

1	Data Centre Lifespan	Proposed Data Centre facility should have at least 10 years of lifespan after the award of contract to the selected Bidder. (Including HVAC, electrical systems etc.)	
		SP shall provide a design document describing the High-availability architecture.	
2	Fire rated walls	The periphery of the Data Centre should have 4 hrs fire rated wall, false ceiling and doors.	
3	Power Supply Requirements	Should have N+1 Transformer redundancy, N+1 Generator redundancy, N+1 UPS Redundancy.	
4	Environmental Control/Protection	The Data Centre facility should have gas based fire suppression system. (Eg. FM200).	
		Fire detection system should be in place. e.g. smoke and/or heat detector.	
		Water leakage detection system should be in place.	
		Rodent repellent system should be in place.	
		Temperature, humidity and static control should be in place.	
		Air Conditioning system should provide 24x7 cooling and humidity control with redundancy in case of break down.	
		Proper monitoring of these parameters should be done and record maintained.	
		The Data Center facility should contain de-humidifiers to keep humidity to minimum and should be maintained & monitored on the regular basis.	
5	Security and Access Control	24-hour Security monitoring should be in place. CCTV monitoring and recording on common access area and entrances should be logged and should be available for review. Recording of CCTV and access entrance logs should be maintained for minimum 90 days & 180 days respectively.	

**Selection of System Integrator for Development of online Applications Portal for Candidates
Registration with Grievance Redressal System and Hosting of IBPS Website**

		The perimeter security of the Proposed Data Centre/ DR Setup Premises should be manned on 24x7x365 basis.	
6	Network and Communication Facilities	The Data Centre should be equipped with CAT-6 structured cabling.	
		Provide details of network providers who have connectivity to the Data Centre and the types of connectivity currently available.	
7	Service Levels	Data Centre/DR should have uptime of 99.99% per year.	
		All scheduled maintenance period shall be pre-notified by at least 10 days, and for major service interruption at least 4 week notice would be needed.	
		Please confirm that the Data Centre/ DR Setup has no single point of failure with regards to supply of power to server area, PAC systems, LAN, etc.	
		All the tasks mentioned above shall be deployed on High-availability architecture such as Clustering techniques.	
8	Incident Reporting	If any untoward incident takes place which makes the Data Centre services unavailable should be reported within 24 hrs of the incident.	
9	Compliant	The DC/DR should be compliant with ISO/IEC 27001:2013 specifications and Tier 3 minimum.	
10	Audit	IBPS shall have the Data Centre/ DR Setup and the Web Servers inspected and audited annually by a cert-in empaneled Auditing firm and submit the audit report. For the current period vendor should submit the last audit report for audit done within last 6 months.
